ABOUT US
We are guided by curiosity, a questioning of the status quo, and a desire to invent or acquire new products and brands. From the single seed that started as IAC 25 years ago have emerged 10 public companies and generations of exceptional leaders. We will always evolve, but our basic principle of financially-disciplined opportunism will never change. IAC today operates Vimeo, Dotdash and Care.com, among many others, and has majority ownership of ANGI Homeservices, which includes HomeAdvisor, Angie’s List and Handy. The company is headquartered in New York City and has business operations and satellite offices worldwide.

25 YEARS OF INNOVATION
IAC founder and Chairman Barry Diller realized decades ago what is commonly known today: that technical leaps in interactivity would revolutionize commerce in record time. Twenty-five years later, IAC continues to build companies inspired by this vision. IAC progeny include category-defining companies such as ANGI Homeservices Inc., Match Group, Expedia, TripAdvisor, HSN, LendingTree, Interval Leisure Group, and Live Nation (formerly Ticketmaster); together, these market leaders have created equity value in excess of $60 billion.
