- Reinforced Double Wall Protection.
- Reinforced Concrete bonded to Durapreme® Liner.
- Customize with Emblems, Nameplates and Personalization.
- Several Colors Available.

Titan®

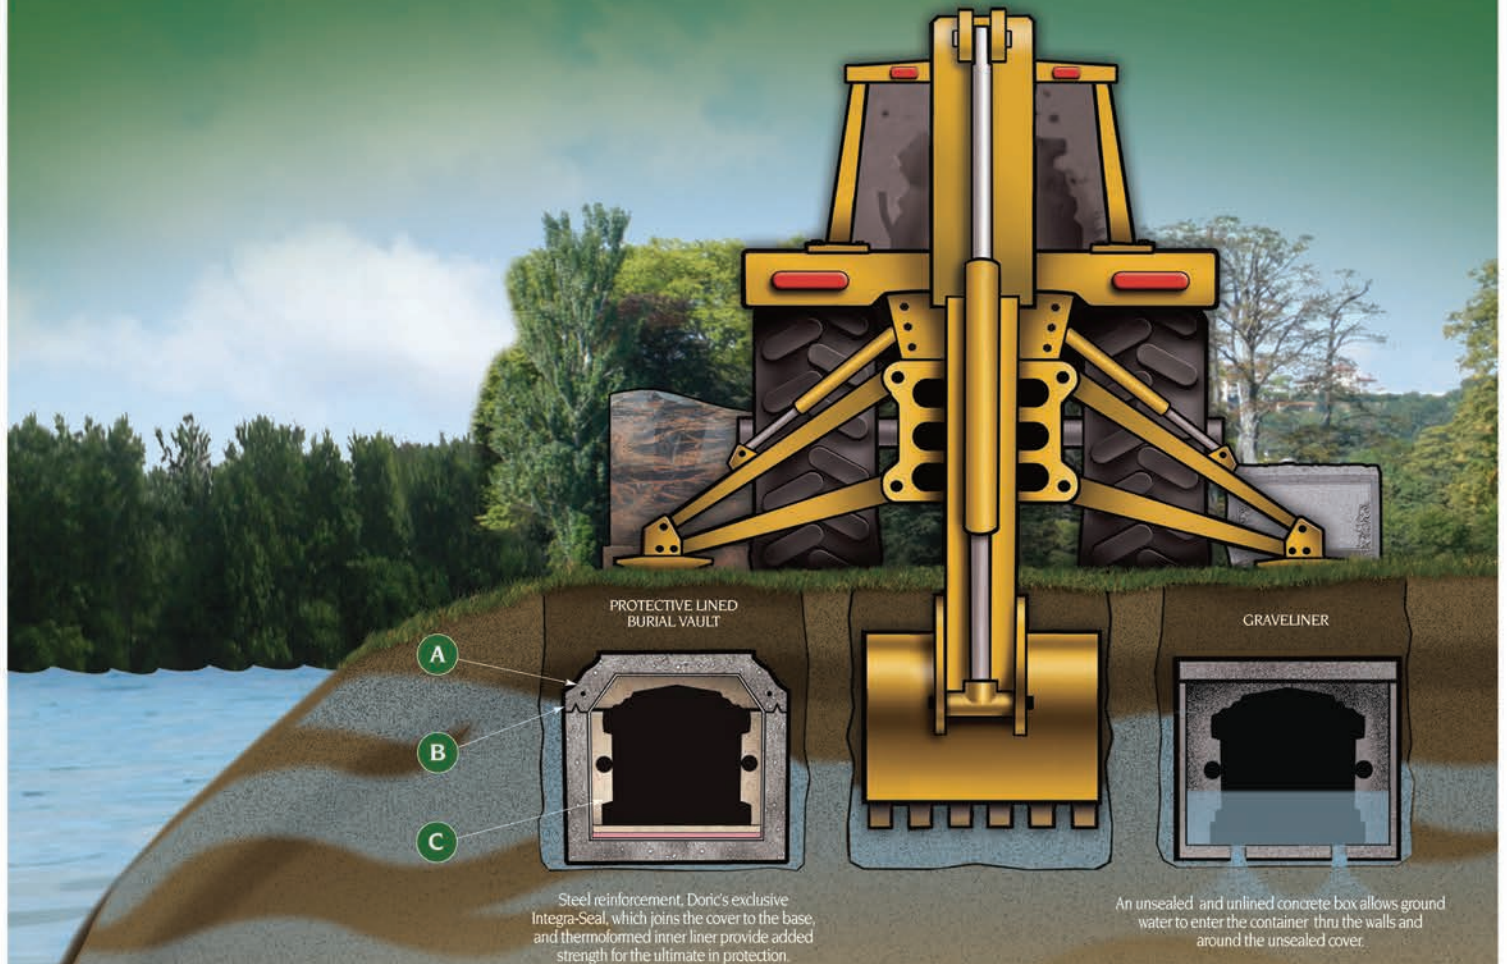

- Reinforced Double Wall Protection.
- Reinforced Concrete bonded to Durapreme® Liner.
- Customize with Emblems, Nameplates and Personalization.
- Several Colors Available.

Burial Vaults
Family-owned and Operated

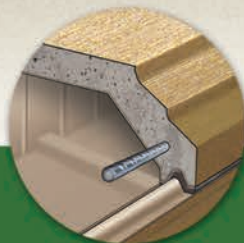

WHY YOU NEED A DORIC LINED CONCRETE BURIAL VAULT

The backhoe, the preferred choice to open a grave, weighs in excess of ten tons. This weight, the daily grind of cemetery equipment and the constant forces of soil pressure reinforces the need for protection. To combat these forces, Doric manufactures one of the strongest lined concrete burial vaults in the industry today. Doric vaults are lined with our exclusive poly-ribbed liners which contain the contents inside the vault, thus protecting our environment. The cover, where the forces are the greatest, is steel reinforced for added protection to an already premium vault.

A STEEL REINFORCED COVER

B DORIC INTEGRA-SEAL®

C HIGH IMPACT ABS LINER

All Doric plants are certified by the National Concrete Burial Vault Association.
