## Severe Weather Warning

Great Parks lighting detection system will attempt to notify golfers of potential lightning in the area by sounding one long blast. If you hear the signal we strongly recommend you seek shelter or vacate the course immediately. Short blasts indicate a reduced lighting danger. If the weather appears to be threatening and no alarm is heard, we also recommend you seek shelter or vacate the course immediately. This system is designed to help you assess conditions. Neither the signal nor the system is intended to guarantee that conditions are safe. As a golfer, it is your responsibility to remove yourself from any situation which you deem dangerous.
