DESIGNER
EDDIE MAESTRI, MAESTRI STUDIO

PROJECT LOCATION: Mabank, TX **DESIGN DETAILS:** This project was a full gut/renovation of a round, 1960s lake house. The existing dining room was reworked to be a third bedroom, so we had to get creative. The banquette was a great solution for this space to allow room for both living and dining. The vinyl upholstery allows for easy cleanup of spills. We wanted this space to be utilized for dining, but also for family game nights and drinks by the fire.

PROJECT LOCATION: Dallas, TX **DESIGN DETAILS:** I enjoy using banquettes, especially for tight spaces when we do not have the clearance for a full set of chairs. I like how a banquette can make the space feel more comfortable and intimate. It invites guests to sit and stay a while. **BREAKFAST, LUNCH OR BRUNCH?** Brunch with anything Benedict (with a Bloody Mary, of course).
