DALLAS DESIGN DISTRICT AWARD

HONORS KIPS BAY BOYS & GIRLS CLUB AND KIPS BAY DECORATOR SHOW HOUSE DALLAS

KIPS BAY'S **NAZIRA HANDAL** AND
DUNHILL PARTNERS PRESIDENT
ANDY CROSLAND

There are projects that stand alone in their scope and service to the Dallas design community. The annual **Dallas Design District Award** honors an individual, foundation, or company that has made a difference and galvanized the Dallas design community. The 2021 **Baccarat** obelisk Award goes to **Kips Bay Boys & Girls Club** and **Kips Bay Decorator Show House Dallas**.

For 48 years, the internationally recognized Kips Bay Decorator Show House has invited celebrated designers to transform a luxury Manhattan home into an elegant exhibition of fine furnishings, art, and technology. This event began in 1973, when several dedicated supporters of the Kips Bay Boys & Girls Club launched the Decorator Show House to raise critical funds for much-needed after-school and enrichment programs for New York City children.

Over the course of four decades, this project has grown into a must-see event for thousands of design enthusiasts and is renowned for sparking interior design trends throughout the world and launching design careers. Following the success of the Palm Beach Show House created four years ago, Kips Bay put Dallas on the world design map with the opening of the Kips Bay Decorator Show House Dallas in 2020. The 2020 and 2021 Dallas Show Houses attracted visitors from across the U.S. It's immeasurable what Kips Bay has brought to the Dallas design community — and to the city as a whole.

Andy Crosland, president of Dunhill Partners, presented the Award to **Nazira Handal**, Kips Bay Boys & Girls Club director of special events and corporate sponsorships. The design world knows Nazira as the nexus of the Show House. For 11 years, Handal has orchestrated, nurtured, and shepherded the Kips Bay Show Houses and is the axis around which the designers and the hundreds of vendors pivot. Congratulations to Handal and Kips Bay Boys & Girls Club.

“A restrained material palette that has been assembled and applied with great care to the details makes this kitchen feel warm and inviting yet modern and minimal.
