

## ABOUT US

IAC builds companies. We are guided by curiosity, a questioning of the status quo, and a desire to invent or acquire new products and brands. From the single seed that started as IAC 30 years ago have emerged 10 independent, publicly-traded companies and generations of exceptional leaders. We will always evolve, but our basic principles of financially disciplined opportunism will never change. IAC is today comprised of category-leading businesses, including Dotdash Meredith and Care.com, among others, and holds strategic equity positions in MGM Resorts International and Turo Inc. IAC is headquartered in New York City with business locations worldwide.
