

## Winter Day Camps –

Day Camps will be a hit with the kids. Not only is it great value but you get to send your kids to a fully enclosed, purpose-built, out of the sun and professionally supervised centre. In July we are running our day camps running from 9.00 AM – 3.00 PM, these camps include all the fun, fantastic activities like Gymnastics, Trampolining and Free G.

**What We Do:** Each day will vary and is dependent on the number of participants and the age of the children attending. A typical day may see the children participating in the following:

- Gymnastics
- Trampolining
- Games
- Acrobatics
- Free G
- Tumbling

All activities are aimed at a beginner level, though our instructors can extend children that are beyond some skills. We're all about having Fun! and extending the Gymnastics experience to All!

**Ages:** Children participating at our Summer Camps must be at least 5 years of age and enrolled at Prep at school (sorry no pre prep). We take children up to the age of 13 years as well.

Children are grouped by ages. We try our best to keep friends together but it can be difficult to always keep siblings together if there is a large age difference.

**Allergies:** On the day of the camp, it is important when signing your child in that our administration office is advised of any allergies your child may have prior to you leaving.

**What to Bring:** We don't provide any food whilst at MGI, but we do have a water cooler if they don't bring a drink bottle. Please pack morning tea and lunch. We formally request that parents don't send children with food that may contain any nuts. MGI has a strict **NO Nut Policy**.
