NLG Heavy Duty Bungee Tool Lanyard

101373

NLG Heavy Duty Bungee Tool Lanyard

Product code: 101373

The Heavy Duty Bungee Lanyard utilises advanced components to deliver unrivalled performance for heavy tools in the most severe environments.

The NLG Heavy Duty Bungee Lanyard is designed to handle the heavier tools and plant that other lanyards struggle with - right up to a maximum of 18kg weight. It has become established as the tool lanyard of choice in some of the harshest working environments known on this planet.

It features a custom developed, abrasion-resistant webbing with a Dyneema® loop one end for connecting directly to a tether point, or through a captive handle or hole on any tool and a twist lock carabiner on the other end, that is still easy to use whilst wearing gloves, qualify the Heavy Duty Bungee Lanyard as the ultimate tool tethering lanyard.

INSPECTION

In addition to routine checks prior to each use, all equipment should undergo regular detailed inspection, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for thorough inspection.

Specification

- Automatic Twistlock carabiner for superior performance and security
- Extra high strength webbing delivers ultimate peace of mind
- Heavy duty wear protector sleeve provides an additional layer of structural protection
- Powerful cinching loop constructed from the world's strongest fibre, Dyneema®
- Faster visual inspections with heavy-duty contrast stitching
- Clever contrast wear indicators ensure early warning of any structural damage
- Unique serial number for easy identification and tracking
- CE marked
- ANSI/ISEA 121-2018 compliant
- Dynamic load tested and third-party certified (2:1 safety factor)
- Dimensions: Extends 80cm to 130cm
- Max Load: 18KG (39.6lbs)

MAX LOAD (SWL)

18KG / 39.6LBS

SERIAL NUMBERED

Makes the management of inspection routines and reports easy and traceable

02 / Product

CODE: 101373
 DESCRIPTION: Heavy Duty Bungee Tool Lanyard
 LOAD RATING: 18 KG / 39.6 LBS

03 / Conformity

The undersigned acting on behalf of [01] above hereby declares that:

The PPE described in [02] is in conformity with the provision and scope of our quality control and testing protocols set out in the PPE Regulation (EU) 2016/425 covering all PPE manufacturing, where such is the case, with the standard of fit for purpose design parameters. The above referred to Personal Protective Equipment [02] is identical to the equipment independently tested and certified by BSTL in accordance with EN 364:1992 test methods.

Dynamic drop performance testing conducted at 2:1 weight safety factor for tool lanyards and tether points. Static strength testing conducted at 5:1 weight safety factor for containers and storage equipment.
