Hotel ADA Plan

COMPU TTY , Inc.

ADA Americans with Disabilities Act

The Americans with Disabilities Act (ADA) requires all hotels and motels to make their facilities equally accessible to those with physical disabilities. For Hearing impaired guests, hotels and motels are required to provide rooms equipped with notification devices, telephone amplifiers and TDDs (Telecommunication Devices for the Deaf). Part of the cost of meeting these requirements may be tax deductible, or you may qualify to receive a tax credit for the installation. Your local hotel/motel association may also provide you with more information.
