

## Queenaire *Thunder-24-II*

### Advanced Electronic Deodorizing Technology

The QT Thunder-24-II eliminates odors on a programmed basis without the attention of an operator. For areas with ongoing odor problems such as locker rooms, day care centers, etc... This compact unit gives you the freedom of setting a schedule for treatment and then forgetting about it. All Queenaire models have a manufacturer's 5 year warranty, 15-20 year life expectancy.

*Looking for "Green Products"? What can be greener than Mother Nature's very own air cleaner?*

#### What are the Benefits of Using Ozone?

Ozone is very effective in eliminating odors including tobacco smoke, human and pet odors, food odors, mold and mildew odors, garbage odors, renovation odors and much more. It is not a re-odorant. It totally destroys the offending gases that are the source of everything we smell. Unlike many other deodorizing methods, ozone actually searches out and destroys the problem gases. It will react with contaminants in the air, water, fabrics and on other surface of the walls and ceilings. Unlike other types of air purification systems, an ozone generator does not depend on the air passing through the machine to do its job. Ozone generators also produce large quantities of ions via the corona discharge. The ions cause the dust particles to agglomerate, and precipitate from the air leaving a cleaner environment.

#### Recommended Maintenance Kit

Any device that pulls air through it requires cleaning and or preventative maintenance. Consider heating and air conditioning systems, automobile air filters, room air cleaners, etc. Queenaire ozone generators also require occasional maintenance to keep them operating at peak performance. For this reason we offer a PEAK PERFORMANCE PACK.

*Keep your investment running at PEAK PERFORMANCE.*
