

Rainbowair Activator 250 (5210-II)

Advanced Electronic Deodorizing Technology

The Rainbowair Activator 250 Series II penetrates fabrics and porous materials to eliminate all odors at the source. It leaves the air smelling fresh and clean, just like after a lightning storm. Proven, safe and guaranteed 100% effective, Rainbowair Activators can easily rid offensive odors naturally. All Rainbowair models have a manufacturer's 5-year warranty, and a 15-20 year life expectancy.

- Convert a smoking room to a non-smoking room in as little as an hour
- Remove offensive odors caused by tobacco smoke, urine, body odors, food, pets, mildew, diapers, formaldehyde and other causes
- All models available in 110 or 220 volt configurations. Shipment made worldwide

What are the Benefits of Using Ozone?

Ozone is very effective in eliminating odors including tobacco smoke, human and pet odors, food odors, mold and mildew odors, garbage odors, renovation odors and much more. It is not a re-odorant. It totally destroys the offending gases that are the source of everything we smell. Unlike many other deodorizing methods, ozone actually searches out and destroys the problem gases. It will react with contaminants in the air, water, fabrics and on other surface of the walls and ceilings. Unlike other types of air purification systems, an ozone generator does not depend on the air passing through the machine to do its job. Ozone generators also produce large quantities of ions via the corona discharge. The ions cause the dust particles to agglomerate, and precipitate from the air leaving a cleaner environment.

Recommended Maintenance Kit

Any device that pulls air through it requires cleaning and/or preventative maintenance. Consider heating and air conditioning systems, automobile air filters, room air cleaners, etc. RAINBOWAIR ozone generators also require occasional maintenance to keep them operating at peak performance. For this reason we offer a PEAK PERFORMANCE PACK.

Keep your investment running at PEAK PERFORMANCE.

Maintenance Kit

2-Plate Pack for Model 5210-II, Activator 250 Series II. Each pack contains the 2 plates, new filter elements, alcohol prep pads for wiping down the Generator base, fuses and a scrub brush which is used with mild detergent and water to restore used and dirty generator plates.
