This product is designed to keep bed bugs that are already in your bedding from feeding or escaping and to keep new bed bugs from entering and hiding in your bedding while secured with the patented "Zipper with the Hook"®. Sewn in Loop and Zip-Tie included to ensure tamperproof encasements. It cannot prevent bed bugs from entering your home or place of business. **MATRESS SAFE, INC.** is solely responsible for the product and its limited warranty. **THIS PRODUCT IS A NONRETURNABLE ITEM.**

FIRE RETARDANT:

The laminated material was tested to "CFR Title 16 Part 1632 (FF4-72) Standard for the Flammability of Mattress and Mattress Pads - Ticking Substitution Procedure Part 1632.6" and received in conclusion a "B" Classification and tested to meet the American Standard ULV-O Burn Test requirements.

BED BUG CERTIFIED:

This product has been tested by a Board Certified Entomologist. Test results show this product to pass the "Penetration - Escape Test" when dealing with infestations of bed bugs. This product when applied with proper installation is warranted to the best of our testing abilities. Mattress Safe, Inc. is not liable for damages occurring to the mattress or to the consumer.

WARNING:

The plastic bag is not a toy. To avoid danger of suffocation, store this plastic bag and encasement when not in use away from babies and small children.

CARE INSTRUCTIONS:

Wash and dry in moderate temperature. Do not use bleach or Borax. Do not iron.

DIRECTIONS FOR APPLICATION:

Installation should be done with a partner - Installing alone can stress the zipper end stops on each side. Apply the protector on the mattress with the soft side to the outside and the laminated side to the inside. Starting at the head of the bed, unzip the encasement and gather the fabric to locate the bottom two end corners. Together with a partner, lift each side of the end of the mattress and rest it on the knee. Align and apply the end corners first to the end of the mattress on each side. Carefully slide the encasement, inch by inch, down the length of the mattress, avoiding stress on the zipper end stop. Align the corners of the cover with the corners of the mattress. Zip the cover all around the mattress and secure the encasement by using the patented "Zipper with the Hook"®. For additional security, insert the Zip-Tie into the Loop and secure to ensure tamperproof encasements.
