- Faster and easier cleaning: Revolutionary design gives powerful cordless freedom and ultra-light maneuverability.
 - Professional-grade Lithium Ion battery for cordless power and cleaning convenience.
 - Designed to seamlessly clean across multiple surfaces, from carpets to bare floors, and area rugs.
 - Removable dirt bin engineered to make it easy and clean to empty. Features empty slider to help push out hair, dust, and debris after vacuuming carpets and bare floors.
 - Ultra-light without the bulky fight. Advanced swivel steering gives total control around furniture and lay flat handle makes it possible to vacuum hard to reach spots.
 - Suction Squeegee design features a rubberized sweeper that changes directions to open and close as you clean to vacuum large debris and give superior edge cleaning.
 - Bright wide range LED lights make it easy to see the dirt and get the dirt.
 - Collapsible handle that takes less space to store.
 - Battery is removable for flexible charging and storage options.
- Power level lights tell you how much power is left to clean.
