

Inside Pipe Cutter

RAP15510, RAP15512

Model Numbers

RAP15510 INSIDE PIPE CUTTER
RAP15512 INSIDE PIPE CUTTER
 REPLACEMENT BLADE

Product Features

- Use for closet flanges, sink waste and overflows, shower drains and sink rims
- Hard to reach applications
- Use with power drill
- Heat treated steel blade

Always wear safety glasses or full face protective gear.
Insert Pipe Cutter into drill chuck and tighten securely.
Do NOT operate in REVERSE. Run drill in forward only!
Insert blade into pipe to be cut off. Squeeze drill trigger to begin cut.
Let blade penetrate completely through pipe wall. Be sure to hold drill straight and parallel with pipe.
Rotate 360°, CLOCKWISE, to complete cut.
Avoid blade contact with concrete or other hard objects as this will shorten blade life.

Warranty

Subject to the limitations expressed herein, Seller warrants to the original Buyer that hand tools manufactured and sold by Seller ("Tool") shall be free from defects in design, material and workmanship under Normal Use for the life of tool. This warranty is void for any damage caused by misuse, abuse, neglect, or acts of God. For the purpose of this section, "Normal Use" means in strict accordance with any documentation describing safe practices used by a professional tradesman in the industry.
