Product Description

The Scotch-Brite™ Dual Purpose Scour Pad 96 HEX is a 2-in-1 scouring pad with a medium duty scour pad on one side and heavy duty “power dots” on the other. Made from high quality fibers, minerals, and resin, it is a powerful pad to scour away tough messes and heavy burnt-on food elbow grease than conventional medium duty scouring pads. It can also be used for everyday cleaning of most cooking utensils and equipment.

Special Features

Power Dot Technology:

- Raised heavy duty power dot side is engineered to cut through stubborn baked-on or burnt-on food fast.
- Power dot side is engineered for quicker rinsing and minimizing food particles from getting trapped in the web.

2-in-1 Cleaning Tool:

- Dual purpose: only one scour sponge needed for multiple jobs.
- Power dot side aggressively scours with heavy duty performance.
- The green medium duty scour pad side removes fine food particles and leaves a polished finish.

Hexagon Shape:

- Designed to fit comfortably in your hand; does not need to be cut down.
- Extra corners help clean hard-to-reach areas.

Applications

Always test on an inconspicuous area of the surface to be cleaned prior to first use.

General purpose cleaning uses include:

- Pots and pans
- Cooking appliances and utensils
- Kitchen and maintenance equipment

Product Specifications

Shape: Hexagon

Dimensions:

Length: 5.75 inches (corner to corner)

Width: 5 inches (side to side)

Thickness: approximately 0.4 inches

General Use Directions

The pad can be used wet or dry.

1. Hold pad sponge with one hand. Both sides of the pad can be used to scour depending upon the application. For most cases, scour using a circular scrubbing motion.
2. For sticky, tough, and/or baked-on food, use the yellow side with power dots to cut through thick layers and dislodge large particles. Flip the pad over and use the traditional scour pad side to remove any remaining food particles and grease.
3. Once the food and grease has been removed from the surface being cleaned, rinse or wipe off the surface with a clean, damp cloth.
4. Clean the pad as necessary after use.

Scour Pad Cleaning Directions

Proper cleaning of the Scotch-Brite™ Dual Purpose Scour Pad 96HEX will help extend its life. Once the pad loses abrasive power, the scour pad side is almost all yellow or begins to fray, discard in the regular kitchen trash.

Pads can be rinsed with warm or hot water or soaked in a cleaning solution to dissolve caked-on soil and grease.

Scour Pad Cleaning by Hand

- Spray or rinse off excess food debris from pad using a dish sprayer or sink faucet.
- Wash the pad in soapy water to remove any remaining food debris and grease.
- Rinse the pad with clean water, making sure no food debris is left on the pad. Squeeze excess water from the pad and allow to air dry.

If desired, soak pad in sanitizer solution. After soaking, squeeze excess solution from the pad, rinse and allow to air dry.

Scotch-Brite™ Dual Purpose Scour Pad 96HEX

Scour Pad Cleaning by Dishwasher

- Spray off or rinse excess food debris from pad using dish sprayer or sink faucet. Remove stubborn food debris such as cheese from the pad by hand.
- Do not roll the pad, place it in a dishwasher and make sure both sides of the pad are exposed to washing.
- After washing, take the pad out of the dishwasher and allow to air dry.

Precautionary Summary

Power Dot and Scour Pad Sides

- Do not use on polished or easily scratched surfaces.
- Do not use on surfaces with non-stick coatings.

Health and Safety

CAUTION

When handling any chemical products, read the manufacturers' container labels and the Safety Data Sheets (SDS) for important health, safety and environmental information. To obtain SDS sheets for 3M products go to 3M.com/SDS, or by mail or in case of an emergency, call 1-888-364-3577 or 1-651-737-6501.

When using any equipment, always follow the manufacturers' instructions for safe operation.

Technical Information

Technical information and data, recommendations, and other statements provided by 3M are based on information, tests, or experience which 3M believes to be reliable, but the accuracy or completeness of such information is not guaranteed. Such technical information and data are intended for persons with knowledge and technical skills sufficient to assess and apply their own informed judgment to the information. The typical values shown should not be used for the purpose of specification limits. If you have questions about this product, contact the **Customer Service Department at 1-800-852-9722**.

Product Use

Many factors beyond 3M's control and uniquely within user's knowledge and control affect the use and performance of a 3M product in a particular application. Given the variety of factors that can affect the use and performance of a 3M product, the user is solely responsible for evaluating the 3M product and determining whether it is fit for a particular purpose and suitable for the user's method of application.

Warranty

3M warrants that each 3M product will be free from defects in material and manufacture for 90 days from the date of purchase from a 3M authorized distributor. 3M MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Limited Remedy

If a 3M product does not conform to this warranty, the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

No Extension of Warranty

In the case of an approved warranty claim, the replacement Product will carry only the remaining term of the original warranty period.

Limitation of Liability

Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted.
