

Engineered for security & maintenance-free operation

Sections: 32¹/₂" wide and 11¹/₁₆" wide provide versatility for safe deposit box configurations in even the most crowded vaults. Reinforced steel cases, bases and canopies all include interlocking featured.

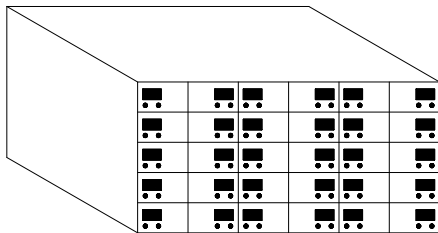

Front panel and doors: High pressure die cast aluminum alloy. Hinge bosses and interlock bar and bolt bar are integral to the casting. Recess cast into front face to mount number plates.

Standard finish: Silver gray baked hammertone finish.
