

WALL CLOCK: This Accuwave II Wall Clock automatically sets itself for your Continental US Time Zone. This convenient clock will compliment your home decor. The movement makes a soft ticking noise without the use of chimes for a quieter environment.

DURABLE: This clock has a sturdy frame to relieve stress in a busy household. Display it in your kitchen, office, bathroom, bedroom, living room, and more. Easily tell time with black Arabic numerals, black case, and glass crystal to stand out over a white dial.

DAYLIGHT SAVINGS TIME: With special radio-controlled movement, this clock automatically resets and adjusts for daylight savings time. It receives a radio signal from the cesium atomic clock, the most accurate clock in the world.

MOVEMENT: It is powered by radio movement and requires one AA sized battery. Signal interference may occur near electrical items or certain structures.

HOWARD MILLER: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
