Pro:Centric Cloud

Pro:Centric Cloud improves the usability of enterprise's CMS solution and cloudification of system, reinforcing the service of 3rd party solution. It also offers various design templates, improving data collection and analytics platform with an eye-catching dashboard. In addition with new features; LG Channels provides a convenient way to access wide range of content from OTT channels including broadcast TV channels without additional devices or subscriptions. And Mobile Application Creator lets you simplify the process of setting up concierge services on mobile device for guests. Through this function, the guest's request will be satisfied with immediate response.

Pro:Centric Direct

The hotel content management solution Pro:Centric Direct offers easy and simple editing tools, making it easy to perform service and IP network-based remote management with a single click. The Pro:Centric Direct solution enables users to edit their interface easily by providing customized interface and efficiently manages all TVs in the room. The latest PCD version provides IoT-based in-room control as well as voice control function through LG Natural Language Processing (NLP). These IoT and voice-related functions will be your starting point to prepare for the hotel rooms of next generation through artificial intelligence.

* Some features may not be supported based on PCD versions.

Pro:Idiom

Digital Rights Management (DRM) technology provides access to premium content to help assure rapid and broad deployment of HDTV and other high-value digital content.

* All images are for illustrative purposes only.

Slim Depth for a Sleek Look

With a slim design, the UM670H series integrates smoothly into the interiors, delivering a modern impression to guest.

Public Display Mode (Hotel Mode)

From channel selection to volume level, you can control the TV settings in business areas. It also enables you to restore default settings, as required, on the TVs.

SoftAP

Software-enabled Access Point (SoftAP) is a "virtual" Wi-Fi feature that uses TV as a wireless hotspot, enabling guests to connect their own devices to the SoftAP.

* SoftAP should be set in the installation menu after the TV is turned on.

* Screen Share may not be operated at the same time.

Voice Recognition

For seamless interaction and user satisfaction, LG has applied voice recognition function to the LG UM670H TV. This feature makes it easy to control the TV without pressing the button of remote controls.

* Magic Motion Remote is required (sold separately)
