COMFORT AND PERFORMANCE INNOVATION

FOUNDATIONS

Our Hospitality
Grade Foundations
include both
recycled steel
and wood frames
sourced from
forests that
are certified as
sustainable by the
Forest Stewardship
Council.

FOAMS

All of our foams are made without the use of PBDE flame retardants, CFCs, lead, mercury, prohibited phthalates or other harmful substances.

All fire retardant barriers are made primarily from cotton or other cellulosic renewable fibers and contain no harmful chemicals.

SPRINGS

Most of our continuous coil and box spring products are made from post-industrial recycled steel.

FABRICS

Top panel fabrics consist of recycled materials and many meet or exceed Oeko-Tex 100 standards for manufacturing without the use of harmful substances.
