

BRIO PRO 1000CT

COMMERCIAL TROLLEY SYSTEM WITH WATER FEED

The 1000CT trolley provides a convenient movable storage system for the Brio Pro 1000CC professional steam cleaner and includes a 1.3 gallon (5L) additional water capacity that connects directly to the steam cleaner.

Having all of your tools in one place is reason enough to opt for this functional accessory. Having more than 2 gallons (7.5L) of water on board means less refilling.
