

Extra Hand Sheet Folder

- Only one operator required
- Made in Canada
- Easy Foot Pedal Operation
- One Year Warranty

- Heavy duty steel clamp and internal rod mechanism. The steel clamp lifts easily with the foot pedal and holds sheets or blankets firmly in place while the operator performs the folding.

- The "Arm Rest Bar" allows for draping and creasing the sheets or blankets in the final stages of folding. Once the folding has been completed the sheet or blanket can be placed on a storage shelf or linen cart.

We are committed to product quality, design and innovation. Our new "Extra Hand" Sheet Folding Machine sets the industry standard. We have incorporated into its construction, the highest quality materials, thoughtful ergonomic and innovative design and an ease of operation that will allow our customers to experience the best sheet and blanket folding machine available anywhere in the world.

- The "Extra Hand" sheet folder allows for trouble free operation. Using only a foot pedal one operator can easily activate the machine for folding all types of sheets and blankets.
