

TEMPUR+SEALY

HOSPITALITY MATTRESS GUIDE

A Proven Business Advantage for Marriott® Properties

When it's time for new mattresses, consider the business value of Sealy Posturepedic. These mattresses have been refined over decades to impact your bottom line. Today's Sealy Posturepedic® collections bring these benefits:

A Great Sleep Experience

Consumers are more satisfied with Sealy Posturepedic than competing mattresses. Your guests will be more satisfied, too, because of these unique comfort features:

- **Orthopedic design** for pressure relief and push-back support
- **Targeted support** of unique center-third technologies
- **Premium foams** to promote comfortable, restful sleep

A Design That Minimizes Body Impressions

We build our mattresses differently. Our high-quality foams, twice-tempered coils and center-third technologies all work together to minimize body impressions and mattress sag. Plus, Sealy Posturepedic mattresses are tested 50% beyond the industry standard to ensure confidence in your investment and comfort your guests expect.

More Rave Reviews

Reviews can make or break your business. And your beds are a big factor in how your guests feel about their stay. That's why we've invested millions in our hospitality line. So your guests won't just give you *good* reviews. They'll give you *raves*.

In a mattress trial prior to our renovation, our guests and owners preferred the feel of the Sealy Posturepedic mattress over the competitor's mattress. Plus, the Tempur Sealy team was happy to accommodate our need for staggered shipments. I highly recommend them."

— Doug Rimmell, General Manager

I choose Tempur Sealy because their products and service are consistently high-quality. We recently installed Sealy Posturepedic mattresses on numerous projects, and the customer response has been great."

— Richard Budnik, President

Artesia 2.0

1-sided | Cushion Firm

The Artesia 2.0 is the result of extensive consumer research and is built to deliver a superior sleeping posture and the level of push-back support that guests define as *the preferred feel*.

Surface-Guard™ antimicrobial fabric treatment kills bacteria on the mattress surface and protects from common allergens

Gel-infused foams in all layers to promote cool, restful sleep and to enhance durability by filling in air pockets

Twice-tempered open coil unit for height retention

Extra layer of foam in the center third for added support where it's needed most

Pre-compressed foams to minimize body impressions

Foam-encased edge to support sitting and sleeping

No-skid foundation top for easy housekeeping
