

LED NIGHT LIGHT

MADISON SHADE NIGHT LIGHT

The Madison LED Night Light has a wrap-around frosted lens to diffuse the light evenly. Its energy-efficient LED bulb casts a crisp and clean “daylight” glow. The automatic dusk to dawn control saves money and energy by operating the light only in the dark.

FEATURES

DIFFUSED LENS

Diffused lens evenly distributes light to create a soft glow

AUTO DUSK-TO-DAWN

Automatically turns on when dark, saving energy

WARM WHITE LIGHT

Warm white light creates relaxing ambiance

LOW LUMENS

Low 1 Lumen light casts a subtle, unobtrusive night light
