

340 Soil Guard™

Outdoor entrance mat to guard against soil entering in low-profile scraping design

Soil Guard™ is a durable outdoor entrance mat intended to guard against soil with its high-low scraping design. Its low profile allows for easy door clearance as well as regular cart traffic, while a specially formulated rubber allows Soil Guard™ to withstand harsh weather environments and heavy foot traffic. Soil Guard™ excels in both indoor and outdoor high traffic entryways and can be hosed off for easy cleaning.

- Heavy-duty, durable rubber compound
- High-low design scrapes debris from shoe traffic
- Low profile for door clearance / cart traffic
- Easy to clean – simply hose off
- Wheelchair and cart friendly
- 3'x5' is available solid or drainage 4'x6' is a parquet pattern
- Beveled on all 4-sides creates a retention dam to trap moisture and debris
