

MOTORIZED KIT FOR 30 X 60 PLATFORM TRUCK

The Platform Truck Motorized Kit is ideal for users who want to add the benefit of motorized power for moving heavy loads to their existing RCP Platform Trucks. Battery-powered drive wheels reduce strain experienced by users when pushing heavy trucks and moving long distances.

FEATURES & BENEFITS

- Two motorized 10" drive wheels assist in moving heavy loads up to 1,000 lbs. and reduce strain experienced by users when pushing heavy trucks and moving long distances
- Handbrake is available for emergency purposes
- Centralized control system features variable speed from 0-3 mph with forward and reverse settings
- Removable key prevents unauthorized use of power
- Substituting manual power for battery power helps regain time lost over the course of a shift due to cumulative fatigue
- Dual onboard battery compartments provide back-up power without having to plug in the entire truck, minimizing costly workflow disruptions due to battery switch outs
- Rechargeable battery (2173664) can be easily changed out
- Compatible with existing platform trucks: FG446600BLA & FG447100BLA (sold separately)
- Kit includes: hand -activated control, 2 motorized drive wheels, 1 battery, 1 charger, 2 keys. Truck not included
