

LOCKING VANITY-TOP DISPENSER OPERATION INSTRUCTIONS

Securing to Surface Using 3M Adhesive Tape:

BEFORE YOU BEGIN

Choose a flat mounting location away from any obstructions that may prevent proper function of the key or bottle.

ATTACH THE BRACKET

Remove the protective film from the 3M tape on the bottom of the bracket. Be sure not to touch the adhesive surface.

PREPARE THE SURFACE

Clean the mounting surface to remove any dirt, oils, or soap residue.

Then, using a fresh clean cloth, wipe the surface with isopropyl alcohol. Allow to dry.

Place the bracket on the surface in the desired location.

Firmly press the bracket against the surface for **30 SECONDS** for the adhesive to properly cure.

Operating the Bracket:

1. Locate the key slot on either side of the vertical support.

2. Insert the key straight into the slot.

3. With the key fully inserted, remove the locking ring by lifting straight up.

Then remove the key.

4. Make sure the bottle pump is in the open (up) position.

To open, rotate the pump actuator counter-clockwise.

5. Place the bottle into the tray.

6. Slide the locking ring over the pump.

7. And insert the clip into the vertical support.

8. Press down on the locking ring until it snaps into place.

The mechanism will lock automatically.

LOCKING VANITY-TOP DISPENSER CARE INSTRUCTIONS

These guest room accessories are handcrafted and require special care for long term enjoyment.

CAUTION: DO NOT USE

Abrasive cleaning chemicals

Acidic cleaning chemicals
