PRESIDENT REPORT

February has been a great month for BHA! We conducted one passive program (Spirit Week) and we had a lot of fun creating that platform for RAs to utilize with their residents.

We are all getting along great, even with the addition of our new member, Meg! She is a rockstar.

BHA has already begun preparation for Bruce Jam, we have collected audition submissions and are working to create that schedule for March.

Jesus continues to be a really great advisor, he is always looking to implement new ideas and processes to make BHA the best it can be! We all appreciate him and he is continuously attentive to our organization and always helpful.

BHA has been working on communication within our group and we are making lots of progress, for the most part, we have all been on the same page so far this semester.

We are also putting together a program we are calling "Roach Hunt" it will be Bruce's version of the assassin game of tag played at Legends hall in the past (we are working with our HA, Joey, who is also a rockstar).

PASTA- VELOPMENT

February 18, 2018 the Bruce Hall Association came together to show off how well we work together as a team while simultaneously sharing our love for pasta. As a team, BHA helped each other to make and cut out each noodle to form one big meal. This just goes to show that everyone's participation is needed for us to be successful, whether it be for a program or in making pasta

COUNCIL DYNAMIC

- The Bruce Hall Association's dynamic is still like that of a family. Our new PR member, Meg, is the perfect fit to our team and we couldn't be happier.
- Communication has been an area that Bruce Hall has significantly improved in since last semester. Our new rules and expectations we have made for ourselves has contributed largely to this.

PARLI PRO

- There are no suggestions at this time to for changes to the Constitution and By-Laws for Parli-Pro.

BRIDGING THE GAP

- Bruce Hall's community aspect is still just as strong as ever.
- As the leader of development for Bruce Hall, I have still made it a priority to sit in on the RA's weekly staff meetings and introduce our new member, Meg, in order to build deeper connections and stronger relationships by getting to know each RA individually.
- RA's and BHA worked together to put on Spirit Week. RA's competed to see who's wing would win the most tasks and receive the BHA spirit stick on their way to the Basketball game.
- RA's and BHA are also working to put on Bruce Jam. We have started the audition process and began tabling in order to recruit more talent outside of Bruce.

Wednesday residents will come up with a cheer for each hall, best cheer wins. Thursday there will be a competition among residents to see who can make the best sign to bring to the basketball game. Friday residents will wear green for "Wear Green with the Wing" in which residents will take pictures with their RA's in different location around campus and tag BHA. The hall with the most posts win. Saturday will be "Yell at the Bell" in which we will pick the best chants from earlier in the week to have a final competition against each other.
