------------	----	----	---

6 Light Modes • Rechargeable • Collapsible
• Power Bank • Smart Power Control • Direct-To-Red •
Folding Hanging Hook • IPX4 Water-Resistant

DISABLE DEMO MODE BEFORE OPERATION!

This unit incorporates a Demo Mode that turns the unit Off after 10 seconds.

Demo Mode will deactivate automatically once the unit is plugged in to charge using the included USB cable.

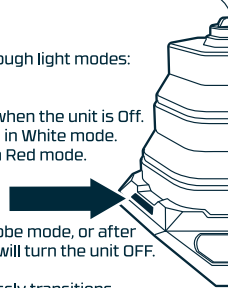

OPERATION

Press the power button to cycle through light modes:
Off > High > Medium > Low > Red

- Press and hold for **Direct-To-Red** when the unit is Off.
- Double-tap for **White Strobe** when in White mode.
- Double-tap for **Red Strobe** when in Red mode.

The next button press from any Strobe mode, or after the unit has been on for 8 seconds, will turn the unit OFF.

Smart Power Control (SPC) seamlessly transitions through light modes.

POWER INDICATOR

This product uses a LED light next to the charging port to indicate battery level.

RECHARGEABLE

Use the included charging cable to recharge the Galileo Air 1000.

When plugged in, the light will be **Red** when charging and **Green** when fully charged.

BATTERY

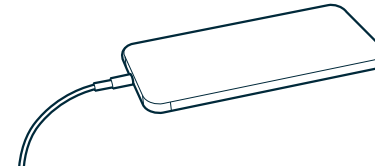

This unit uses an internal rechargeable battery that can not be replaced.

POWER BANK

This unit uses a 2500mAh 3.7V internal rechargeable battery. To charge your phone or other USB device, simply plug the device into the USB port.

When used as a **Power Bank**, the light will be **Green** when the battery has more than 25% and **Red** when the battery has less 25% charge remaining.

This product is guaranteed against all defects in workmanship and materials for the original owner for one year from the date of purchase.
