GUÍA DE INICIO RÁPIDO: ¡Está a sólo tres sencillos pasos de tener un hermoso césped con Scotts®!

FILL & SET SPREADER

Llene y ajuste el esparcidor
Scotts® Broadcast / Rotary Spreaders 3 1/2
Esparcidores por voleo / giratorios Scotts®
Scotts® Drop Spreaders 6 1/2
Esparcidores por goteo Scotts®

Scotts® products are designed to work with Scotts® spreaders. Los productos Scotts® están diseñados para funcionar con los esparcidores Scotts®. This package applies 2.5 lb of product per 1,000 sq ft. Con este paquete se aplican 1.1 kg de producto por cada 93 m².

APPLY

Aplique

For even application walk at a steady pace (lightly mow/keeping path pass). Scotts® Drop Spreaders: Align hopper across with previous wheel track. Scotts® Broadcast / Rotary Spreaders: Line up each pass approximately 5 ft from wheel track. For best results, lightly water in. Product does not require watering in. Para que la aplicación sea uniforme, camine a un paso constante, trasladando ligeramente cada pasada. Esparcidores por goteo Scotts®: Alinee la boca de la tolva con la huella dejada previamente por la rueda. Esparcidores por voleo / giratorios Scotts®: Alinee cada pasada aproximadamente a 1.5 m de la huella dejada por la rueda. Para obtener mejores resultados, riegue ligeramente. Este producto no requiere riego.

CLEAN-UP

Limpie

Return unused product to original container. Help keep our water clean. Apply only to actively growing turf. Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn. Vuelva a colocar el producto no utilizado en el envase original. Ayuda a mantener nuestro agua limpia. Aplique al césped que está creciendo activamente. Únicamente. No aplique cerca de agua, después de tormentas o canales de drenaje. No aplique si se pronostican lluvias intensas. Aplique este producto solamente sobre césped y barra hacia el césped el producto que caiga sobre la entrada de automóviles, la acera o la calle.

ENJOY

Disfrute

Lawn is safe to re-enter immediately after product is applied. Es seguro acceder al césped inmediatamente después de la aplicación del producto.

TIPS FOR LAWN CARE SUCCESS

SCOTT'S® RECOMMENDED FEEDING ROUTINE

Feed Regularly

Regular feedings provide the nutrients your lawn needs to look its best and withstand the stresses of weeds, heat, drought & family activity.

Benefits of Multiple Feedings

Mow and Leave the Grass Clippings On Your Lawn

Mowing high allows the grass to develop a deep root system & helps your lawn use water more effectively. Grass clippings recycle the plant nutrients back into the soil.

Conserve Water

Well-kept lawns are more efficient at using available water. Feeding with Scotts® products helps grow a thick lawn with more roots to better absorb water and nutrients than an unkept lawn. This helps protect your lawn against heat, drought and other stresses. Remember, your lawn will begin to wilt when water is needed. As much as possible take advantage of nature's sprinkler and rely on the rain to water your lawn.

Plan your feeding routine with Scott's® Turf Builder® Lawn Food

- EARLY SPRING**
An early spring feeding helps grass green-up after the winter. You should feed around the first time you mow your grass.
 - LATE SPRING**
Feeding now prepares grass for summer stress by thickening the blades on top and building deep roots below.
 - EARLY FALL**
An early fall feeding replenishes the nutrients lost in the harsh summer months for quicker recovery. You should feed when all the leaves have fallen.
 - LATE FALL**
Late fall is the best feeding time because it builds strong deep roots and prepares grass for winter. You should feed when all the leaves have fallen.
- Florida Applications:** 4 annual feedings with the following exceptions. One feedings in the north and 3 feedings in the central and south. On bahiagrass and zoysiagrass do not exceed 2 feedings in the north.

Scotts®

& Your Environment

We care - Scotts® products are designed with care to grow a thicker, greener lawn. A Green Lawn is a Good Lawn - A healthy lawn cleans the air, produces oxygen and prevents runoff and soil erosion. You can make a difference - Help keep our water resources clean. Apply this product only to your lawn, and sweep any product that lands in the driveway, sidewalk or street back on to your lawn.
