

Technical Data Sheet

HW2910 Fendi Boutique

Usage: See Havwoods quick reference guide to choosing the correct floor

Installation Methods

Fully Bonded	No
Nailed	No
Floated on underlay	Yes* (no underlay required)
Over Underfloor Heating	Yes*# (Please ask for our technical guidelines)

Grading Criteria

Typically, prime grade has few, if any knots, and these will be of minimal size. There will also be a minimal amount of sapwood and filler, if any at all. Where filler is used its colour is selected to complement the wood rather than to match it exactly and the colour of the filler may vary from batch to batch. There will be a relatively small amount of colour variation in the timber itself.

N.B. The product grading criteria is inspected at each mill visually and should be taken as an approximation only. Please ask for further details
