

Spotting, Tight Spaces, Baseboards, Stairs

The Talon Edger Floor Machine is designed to scrub built-up dirt in corners and on baseboards without bending and back-breaking effort. Scrub with pads or with optional bonnets or brushes. Includes the pad driver and an assorted pad startup kit.

Power

- 1/8 HP, DC motor. 115V, 50/60 Hz power.
- 35 ft. 2-pc., (14-3) SJTOW power cord with molded plug

Drive System

- Enclosed, durable gear belt drives brushes and pads at 500 RPM

Engineered Design

- 2 sizes - 6" and 8" diameter brushes and pads
- Handle height adjusts from 47" to 52" with locking pin
- Roto-molded polyethylene housing
- The metal handle folds over for easy transport and storage
- The brush drive is injection molded and reinforced with resin. The unique Mag-Lok™ magnetic system securely mounts brushes and pad drivers to the brush drive without tools
- Optional bristle brushes, pad fibers and bonnets

Safety Features

- Quiet operation
- Built with UL approved components
