

FWI FOUR WINDS INTERACTIVE

Decorative
Digital Sign Frame
&
Recessed PC/Screen
Mount

DECORATIVE DIGITAL SIGN FRAME

- Aluminum cover mechanically fastens to screen bezel & includes a single color automotive grade paint finish (client choice).
- Depth of frame is dependent upon screen model & touch overlay.
- The moulding/trim depth varies per style. Some of the painted aluminum cover behind the moulding may be visible externally & not be fully covered depth wise to the wall. It is dependent upon the screen, touch overlays and actual moulding dimensions.
- Passive ventilation of screen is integrated into cover.
- Various finish options are available.

RECESSED PC & SCREEN MOUNT

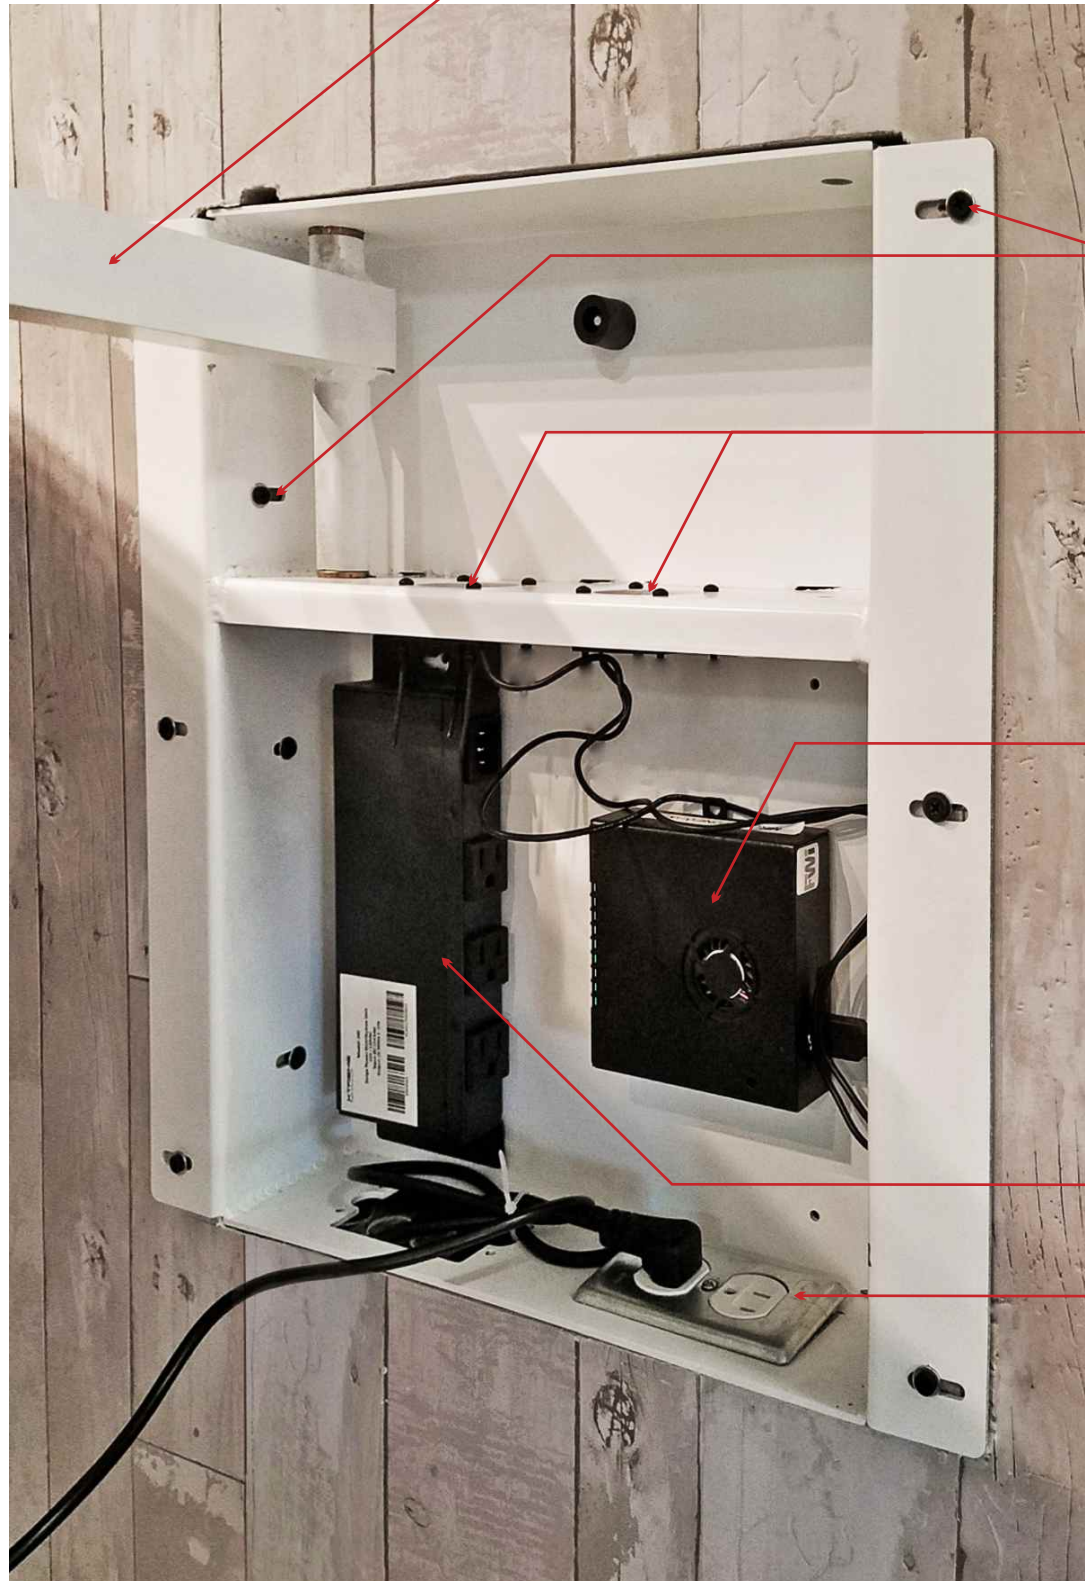

- Fits in between vertical studs 16" on center in both wood & steel stud construction.
- USB powered fan ventilation integrated in baffle in recess box.
- VESA hole monitor mounting for 300mm & 400mm patterns.
- Specific mounting points for all equipment inside box.
- Articulating pivot arm allows ease of internal access to box
- Press-fit cabinet latch on upper back side of monitor mount creates a mechanical hold when in final position.

RECESSED PIVOT ARM MONITOR MOUNT

FWI FOUR WINDS INTERACTIVE

(DETAILS)

cabinet

DECORATIVE METAL LAMINATE ACCENTS

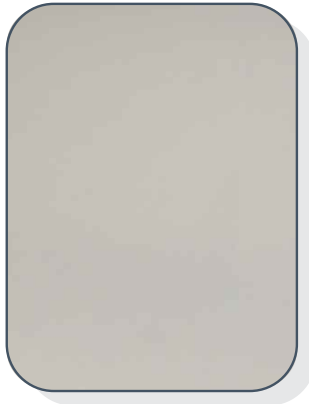

- Any of the below decorative metal laminate accents can be added to the frames. Each frame will have a single base automotive grade paint finish added. Metallic, gloss, satin, matching or contrasting paint colors are all options.
- The accents strips will join in the corners at the miter.
- All laminates are 1/32" thick and do have a silver edge. Actual metal laminates made from aluminum like the covers.
- Standard paint finish is white unless requested otherwise.

Brushed Aluminum
