Freedom Payment Plans[^]

CPAP Therapy Your Way

- ✓ Commence treatment with just \$1 upfront
- ✓ Plans for all budgets starting from only \$25/fortnight
- ✓ Freedom to mix and match CPAP brands
- ✓ Comprehensive clinical care and equipment maintenance coverage

CPAP THERAPY YOUR WAY!

The Freedom Payment Plans are designed to make CPAP treatment more accessible, cost-effective and flexible for Obstructive Sleep Apnoea patients. Our plans fit seamlessly with your lifestyle and budget.

FREEDOM TO PAY IT YOUR WAY!

With just \$1 upfront, receive everything you need to commence your CPAP treatment journey. Say goodbye to large out-of-pocket costs and interest payments. With only a simple credit check over the phone or in person, it has never been easier to start treatment.

Starting from just \$25 per fortnight for 3 years, get the restful sleep you deserve.

One more thing... if you decide later to pay it off faster, you can without penalty. As we said, freedom to pay it your way!

Please refer to terms and conditions for more information.

FREEDOM OF CHOICE NOW, AND LATER...

With a choice of premium brands like ResMed, Philips and Fisher & Paykel, you can be confident of getting the latest and best equipment available. Together with your health care practitioner, we can help you select an equipment mix that works for you.

Choose your CPAP machine and mask from one brand that suits you best,

or have the flexibility to mix and match the different brands over the entire plan.

Given the various CPAP brands have masks that suit different face shapes, and machines that suit different breathing patterns, it is reassuring to have the flexibility to mix and match your equipment over the course of the plan.

FREEDOM FROM PRICE HIKES AND PRODUCT OBSOLESCENCE

With new product releases at various intervals, and at pricing points that tend to rise over time, our premium plan subscribers are future proofed by being

able to select the latest and most suitable masks for themselves each year, and have it already covered under the plan, even in the event of a price rise.

COMPREHENSIVE CLINICAL CARE COVERAGE

25% of patients that commence CPAP treatment discontinue within the first 12 months¹ and upwards of 83% are non-compliant over the long term.²

Premium subscribers will be covered under The 360 Care Plan. This includes bi-annual Respiratory/Sleep Specialist review, bulk billed sleep study access, unlimited CPAP Consultant review, CPAP data reports access, complimentary CPAP accessories, an additional 10% off already discounted accessories prices, and a complimentary loan CPAP machine in the event of a CPAP machine breakdown.

Studies have generally shown that a more intensive support program with frequent follow up-care can help procure better clinical outcomes across a wide range of measures, including higher CPAP usage per night, less daytime sleepiness and lower hospitalisations across different causes.

Please refer to our premium plan on page 3.

COMPREHENSIVE EQUIPMENT MAINTENANCE COVERAGE

Have the peace of mind that your equipment is properly maintained. No need to set reminders to replace accessories at different intervals. CPAP maintenance products will be delivered directly to your door at no additional charge. Subscribers have a choice of equipment coverage to suit your preference.

From new mask and machine filter changes, to more comprehensive coverage for all required machine and mask accessories, our plans have you covered.
