the most architecturally **authentic doors**

Exact proportions, architectural details and engineering for the ultimate in aesthetics and performance.

WOOD

Torrefied

Torrefaction gives wood doors unparalleled durability. It also makes wood far more structurally stable and highly resistant to heat, cold and moisture.

WOOD

Le Chateau

Authentically crafted designs made with the unmistakable warmth and character of real wood.

FIBERGLASS

AvantGuard.

The beauty of natural wood blends seamlessly with the proven durability of fiberglass to create a door that redefines luxury.

Le Chateau Wood with Clear Glass

MDF

wood & mdf doors

Whether the warmth of natural wood grain or clean appearance of MDF (Medium Density Fiber Board) these interior doors suit the most refined tastes to achieve the ultimate high-end ambiance and architectural detail.

WOOD

Le Chateau

Stunning collection of paneled doors available in an almost endless range of design combinations.

WOOD

French Doors

Accentuates any room with natural, beautiful wood construction or MDF and increases the brightness and functionality of any home. Available in a variety of panel, glass designs and wood species options.

MDF

The best of authentic stile and rail craftsmanship with all the advantages of MDF material technology.

Heritage Series.

molded doors

The industry benchmark for all composite wood doors, utilizing a composite wood construction that results in a more durable door, resisting warping, shrinking and cracking.

MOLDED STANDARD

Masonite Select™

Distinguished by the architectural correctness of authentic stile and rail wood doors.

MOLDED CONTEMPORARY

Heritage Series™

Combines the classic lines of a wood door with the durability of molded panel engineering.

MOLDED STANDARD

Masonite Classic®

The originals, these doors complement any décor with their simple, pleasing lines and familiar designs.

Flush

flush design doors

A clean and simple flush design provides a simple, contemporary look. Choose from the visual beauty of natural wood veneers or a versatile, paintable hardboard surface.

FLUSH VENEER

Both paintable or stainable, allowing for the natural warmth of wood grain.

FLUSH HARDBOARD

Available primed or unprimed smooth for a pure, contemporary look.

specialty doors & hardware

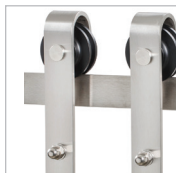

Louvered Doors

Ventilates closets and enhances fresh air flow between rooms. The full or half-louver door beautifies any room where air circulation is a concern. (Available in primed or stain-grade versions)

BARN DOOR HARDWARE

A traditional interior opening can be redefined with our high-quality, fashionable barn door hardware kits. They bring contemporary style and finishes to complement a home, office or any opening.
