Comprehensive solutions in matching products.

The world of interior and furniture design is undergoing constant and accelerating change. The range of products is forever growing. But you stay ahead of the game. Always. You have the answers. And the right product at the right time. In a constantly changing world, that's an advantage. Your advantage.

Stock Options

Exact matching TFL, HPL/CPL and Edgebanding are available through Hardwoods as your one stop shop. Exact match edgebanding and laminates eliminates the need to source a close match. In stock colors are available on your next delivery, with the top colors stocked here in Rancho Cucamonga, and all 300 colors available within 1–3 weeks.

- HPL/CPL
- Edgebanding
- TFL

PerfectSense lacquered panels

PerfectSense lacquered panels are melamine resin coated MDF panels, which are finished in a process matching the surface. Due to the CCI UV coating technology, they clearly stand out from conventional lacquered boards. The surfaces are resistant to micro-scratches and retain their gloss or matte effects.

Feelwood synchronized pore (EIR) on TFL

The EGGER Feelwood range of decors specially designed with multi-layers of papers to create a depth of texture often seen with solid wood. These decors represent the premium category among the 140 TFL decors within the EGGER decorative collection.

End-grain Edgebanding

The End-grain Edgebanding has the look and feel of sawn timber, complete with its annual rings, for a highly authentic result. They are available in several decors chosen for their highly natural wood effect, and perfectly complement the Feelwood textures.
