# COMPANY

Alexandria Moulding is a leading manufacturer and distributor of wood and wood composite mouldings in North America. In over 75 years of business, Alexandria has expanded to five facilities that include both domestic manufacturing & large-scale distribution centers. To support domestic manufacturing, Alexandria partners with other manufacturers around the world to import commodity items. This helps facilitate a diverse mix of mouldings, boards and other millwork related items.

## Mid-West Facility – La Porte, Indiana

- Premium Gesso MDF manufacturing line – Quick lead times & custom options.
- +2,100 skus in stock ready to ship.
- Hardwood manufacturing – Acquired House of Fara in December of 2017.
- Distribution Coverage – Approximately 50 trucks per week into 9 Midwestern States.
- Accepts orders of all sizes – Pick and pack bundles to truck loads.
- Mid-West site opened in April 2005.

In October of 2018, Alexandria Moulding was acquired by US Lumber, which has allowed Alexandria to enhance their product offering and expand service areas. The continued commitment to serving customers cost-effective, quality products, on time with a 100% fill rate, drives operations and allows Alexandria to continue being best in class.

Shiplap creates a three dimensional effect that is both elegant and modern. With its straight lines and square grooves, it provides relief to bare walls while still keeping a bright and warm feel.

The options are limitless. Whether you are applying Shiplap to walls or ceilings, you can create the look and feel you desire for your home!

### FEATURES

- Elongated tongue conceals nail heads for fastening
- Special joint allows locking between two pieces – no glue needed!
