

 **Guararapes** MDF

Product Catalogue

Business Units

Guararapes is a Forestry Company, founded in 1984, began to operate as a small veneer manufacture, producing 150m³ per month. In 1986, Guararapes started up the first Plywood Plant and keep focused on export.

After 31 years Guararapes has more than 1800 employees and is one of the largest Plywood producers in South America, with an annual output of over than 300,000 thousand cubic meters of Plywood.

Currently, the MDF plant has an annual output of 200,000 cubic meters and with the startup of the brand new state of the art MDF line, on February 2016, the total MDF Capacity will reach more than 600.000 thousand cubic meters an year. Considering the total capacity of Plywood and MDF of 900.000 m³ per year, Guararapes is one of the majors wood based panel producers in Brazil.

Commitment to Environment

Guararapes currently has more than 17.000 hectares of lands, with more than 12.000 hectares of pine plantation, partially FSC® certified (Forest Stewardship Council), that assures that the wood used in the manufacturing of its products comes from its own forests managed in a way that's environmentally correct, economically viable and socially responsible and other controlled sources.

MdF Standard

Guararapes MDF is an excellent substrate, very smooth, stable, offering superior surface quality and great machinability.

* Other thicknesses and sizes available upon request

Advantages

- High surface density
- Homogeneous core
- Great machinability
- Uniform light color

Applications

- Furniture and Interior Design
- Cabinets, Doors, Moldings
- Laminating
- Handcraft

This is a light weight medium density fiberboard. The result is a lighter weight panel with a homogeneous surface and excellent finish sanding. Because our fiber process does not allow the mixing of fiber species during production, GUARARAPES Lite has a uniform light color and consistent density profile.

MdF Lite

Dimensions

		THICKNESSES					WIdTH	LENgTH
MdF LITE	inch	11/32"	15/32"	19/32"	23/32"	31/32"	4' - 6'	8' - 9'
	mm	9 mm	12 mm	15 mm	18 mm	25 mm	1220 - 1850	2440 - 2750

Advantages

- Light color
- Light weight
- Great machinability
- Extended tool life
- Versatility

Applications

- Furniture and interior design
- Moldings
- Baseboards

MdF Melamine

Guararapes Melamine Collection offers more than 47 contemporary colors, inspired by different designs and textures that fill the senses with new perceptions with every touch. The physical properties include durability, hardness, scratch and stain resistance as well as color stability.
