## karisma

Karisma, the new milestone of the Prelude Series, is the latest texture that perfectly reproduces a wirebrushed effect. Karisma's magnetism has made it a go-to industry staple. Its random mix of brush-stroked embossing and matteinfused accents give it a natural, authentic look.

The Karisma collection is blossoming with the addition of 4 Brazilian Acacia shades and 4 spalted maple shades. Inspired by the Brazilian acacia tree, this pattern boasts dynamic shades. With its exotic flair and contemporary charm, it's a design favourite! The pattern created by the spalted effect on the new maples adds uniqueness to a classic wood essence.
