

LIFESTYLETFL™

A COLLECTION BY SPECIALTY LAMINATES

lifestyleTFL.ca

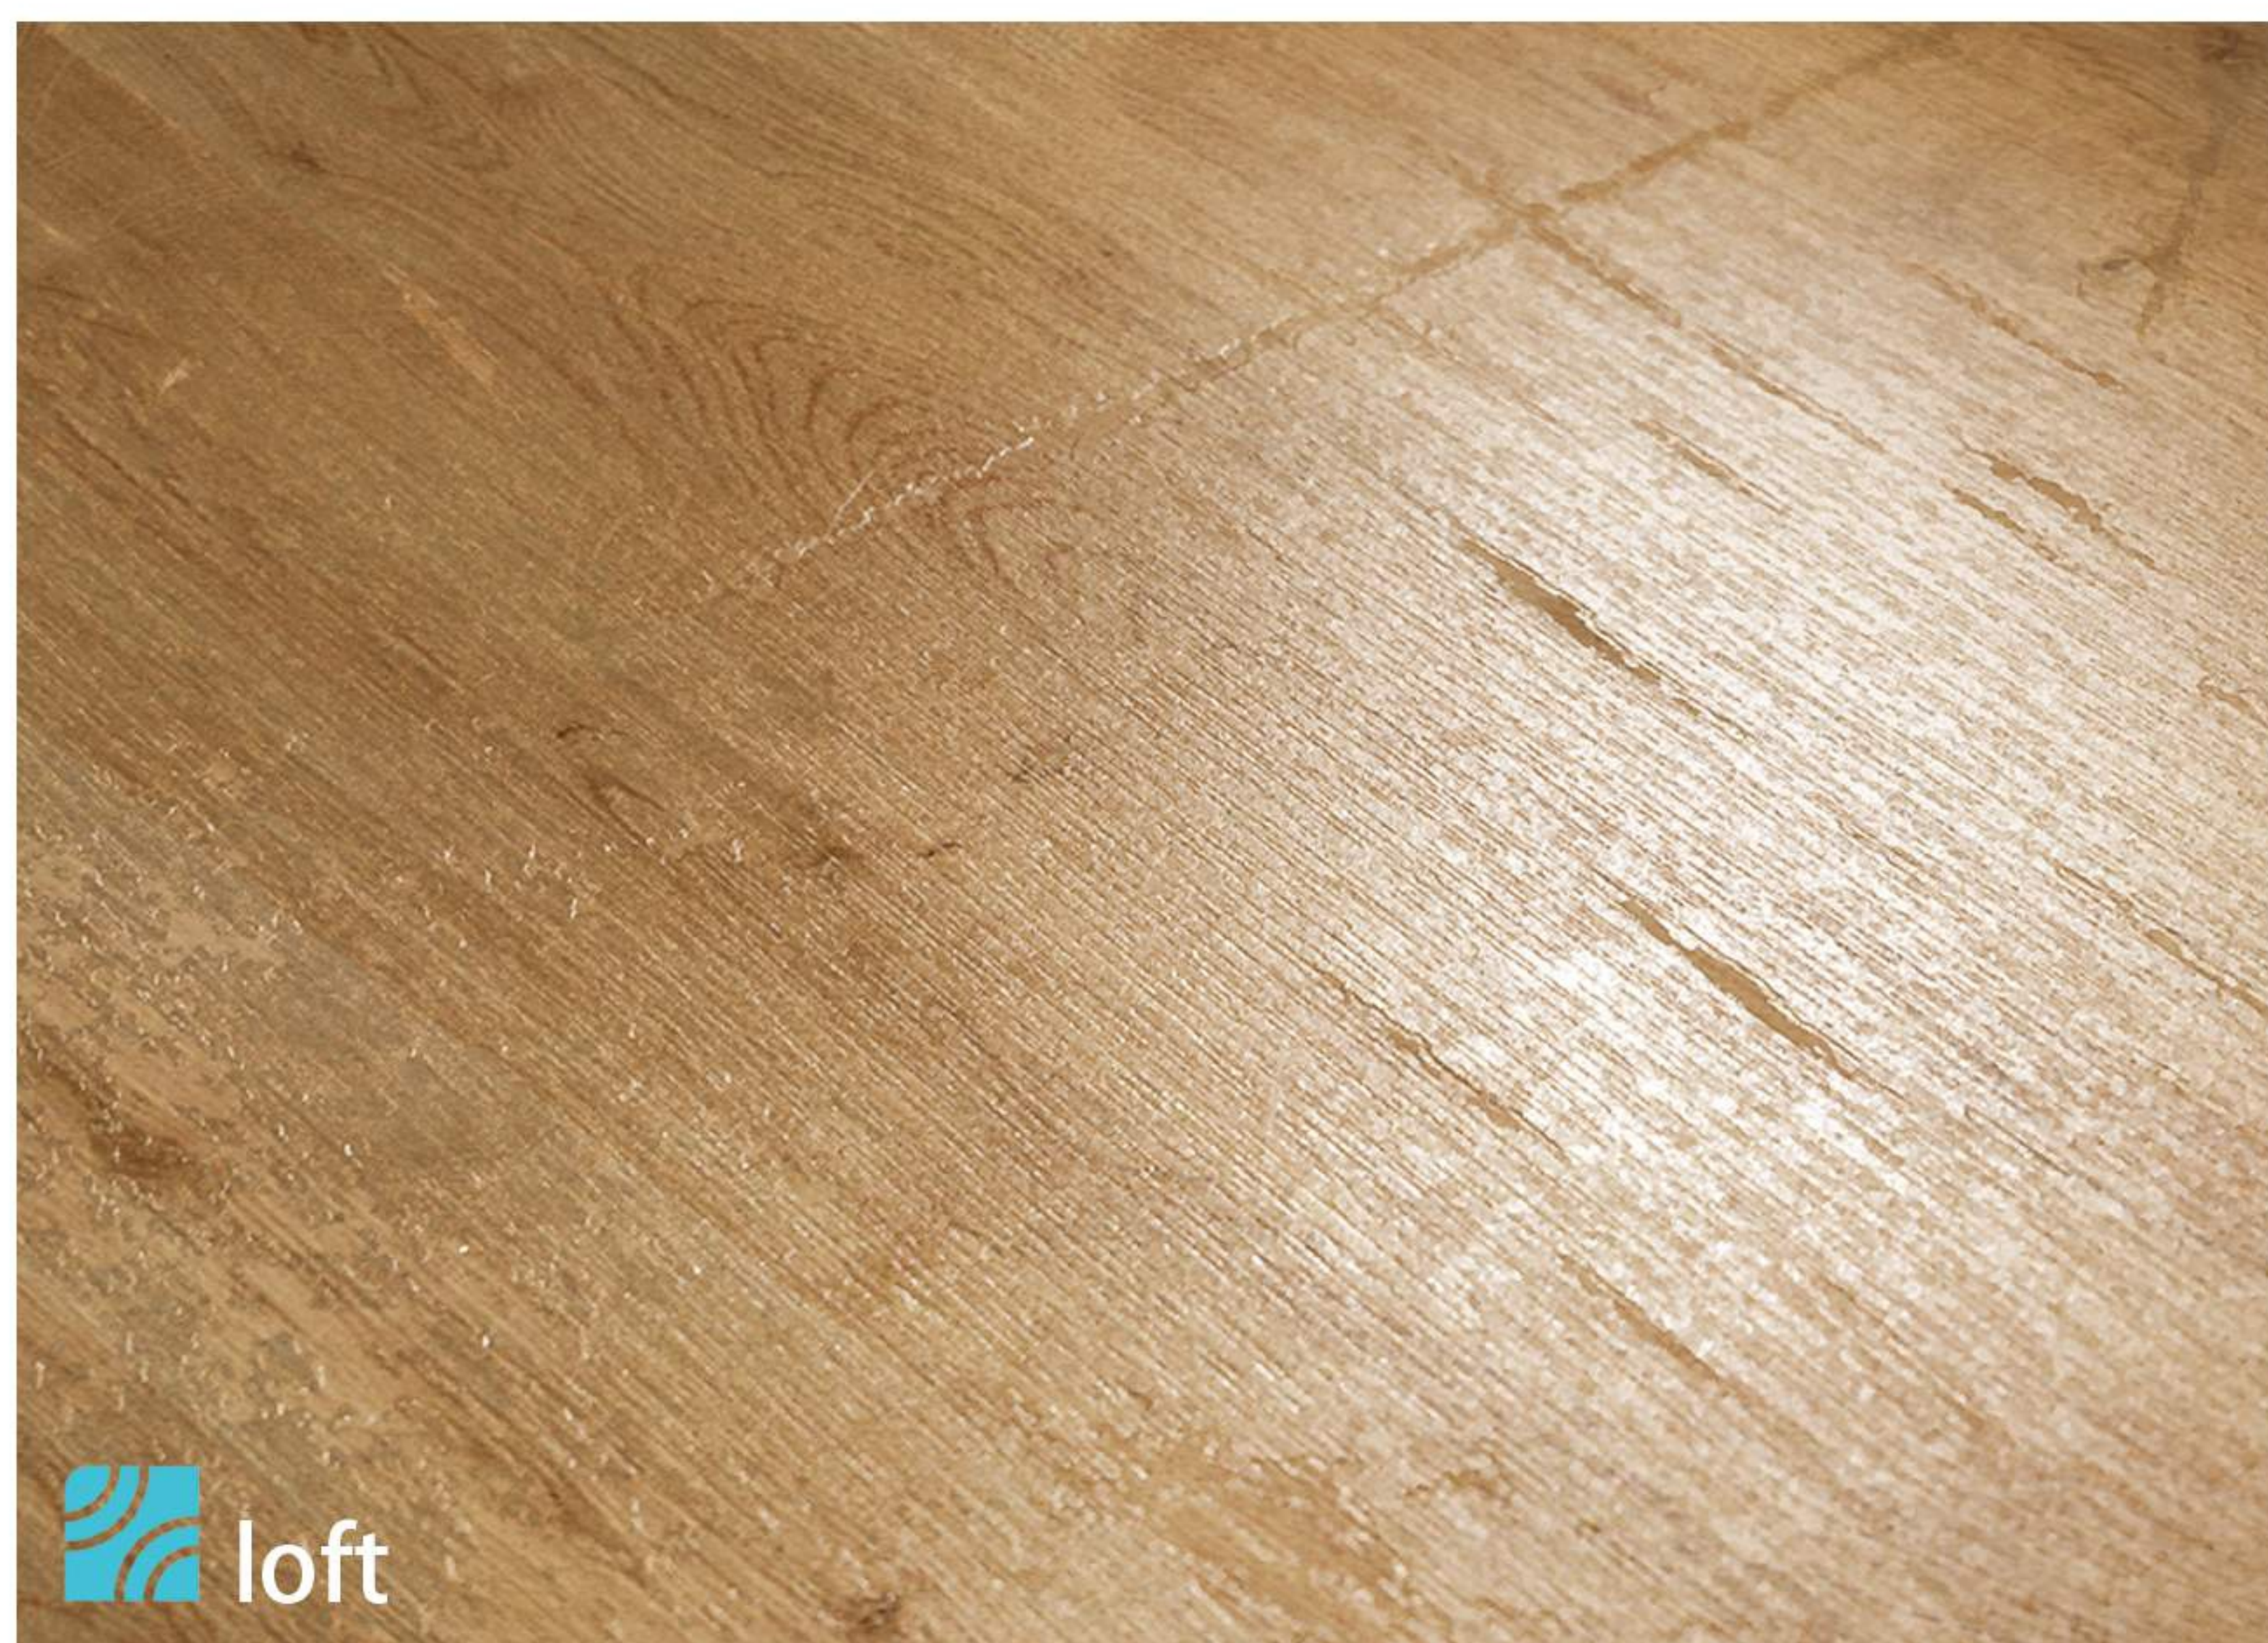

Meet loft®. The first in the new Lifestyle TFL™ texture series.

loft's unique texture and woodgrain structure offer a modern elegance and refined feel. Meticulously crafted to represent a panel, heavy in character, that mimics the sought after look and feel of sawn timber.

loft® utilizes multiple gloss levels with randomly placed crossgrain cuts along the length and width of each panel surface to pronounce the sawn timber texture. The non-directional nature of the loft™ texture ensures that each panel is extremely versatile and attractive in both horizontal and vertical grain applications.

loft® is the affordable texture solution you have been waiting for.

loft® is standard* on 8 unique Lifestyle TFL™ patterns; enhancing the overall panel design.

Panel thickness	1/4 to 1 1/2	6mm to 38mm
Panel format	49 x 97	1245mm x 2464mm
	61 x 97	1550mm x 2464mm
	61 x 121	1550mm x 3073mm

LIFESTYLE TFL™

metropolitan

metropolitan® The third in the new Lifestyle TFL™ texture series.

Our metropolitan® texture features a deeply embossed contemporary brushed surface that you can feel and see from any angle.

Our linear grain patterns are significantly enhanced by metropolitan's unique and rich texture.

metropolitan® is ideally suited for vertical surfaces where you desire modern linear lines.

metropolitan® is standard* on 10 unique Lifestyle TFL™ patterns; enhancing the overall panel design.

Panel thickness	1/4 to 1 1/2	6mm to 38mm
Panel format	49 x 97	1245mm x 2464mm
	61 x 97	1550mm x 2464mm
	61 x 121	1550mm x 3073mm

LIFESTYLE TFL™

naturalwood

naturalwood®. The second in the new Lifestyle TFL™ texture series.

Our naturalwood® texture features a low lustre polish combined with a complex embossed "*ticking*" texture for a realistic wood grain effect.

naturalwood® enhances both modern straight grain patterns as well as cathedral patterns in the most authentic way.

naturalwood® is ideal for any surface where you desire the character of wood but need the easy-care attributes of Thermo-Fused Laminate.

naturalwood® is standard* on 10 unique Lifestyle TFL™ patterns; enhancing the overall panel design.

Panel thickness	1/4 to 1 1/2	6mm to 38mm
Panel format	49 x 97	1245mm x 2464mm
	61 x 97	1550mm x 2464mm
	61 x 121	1550mm x 3073mm

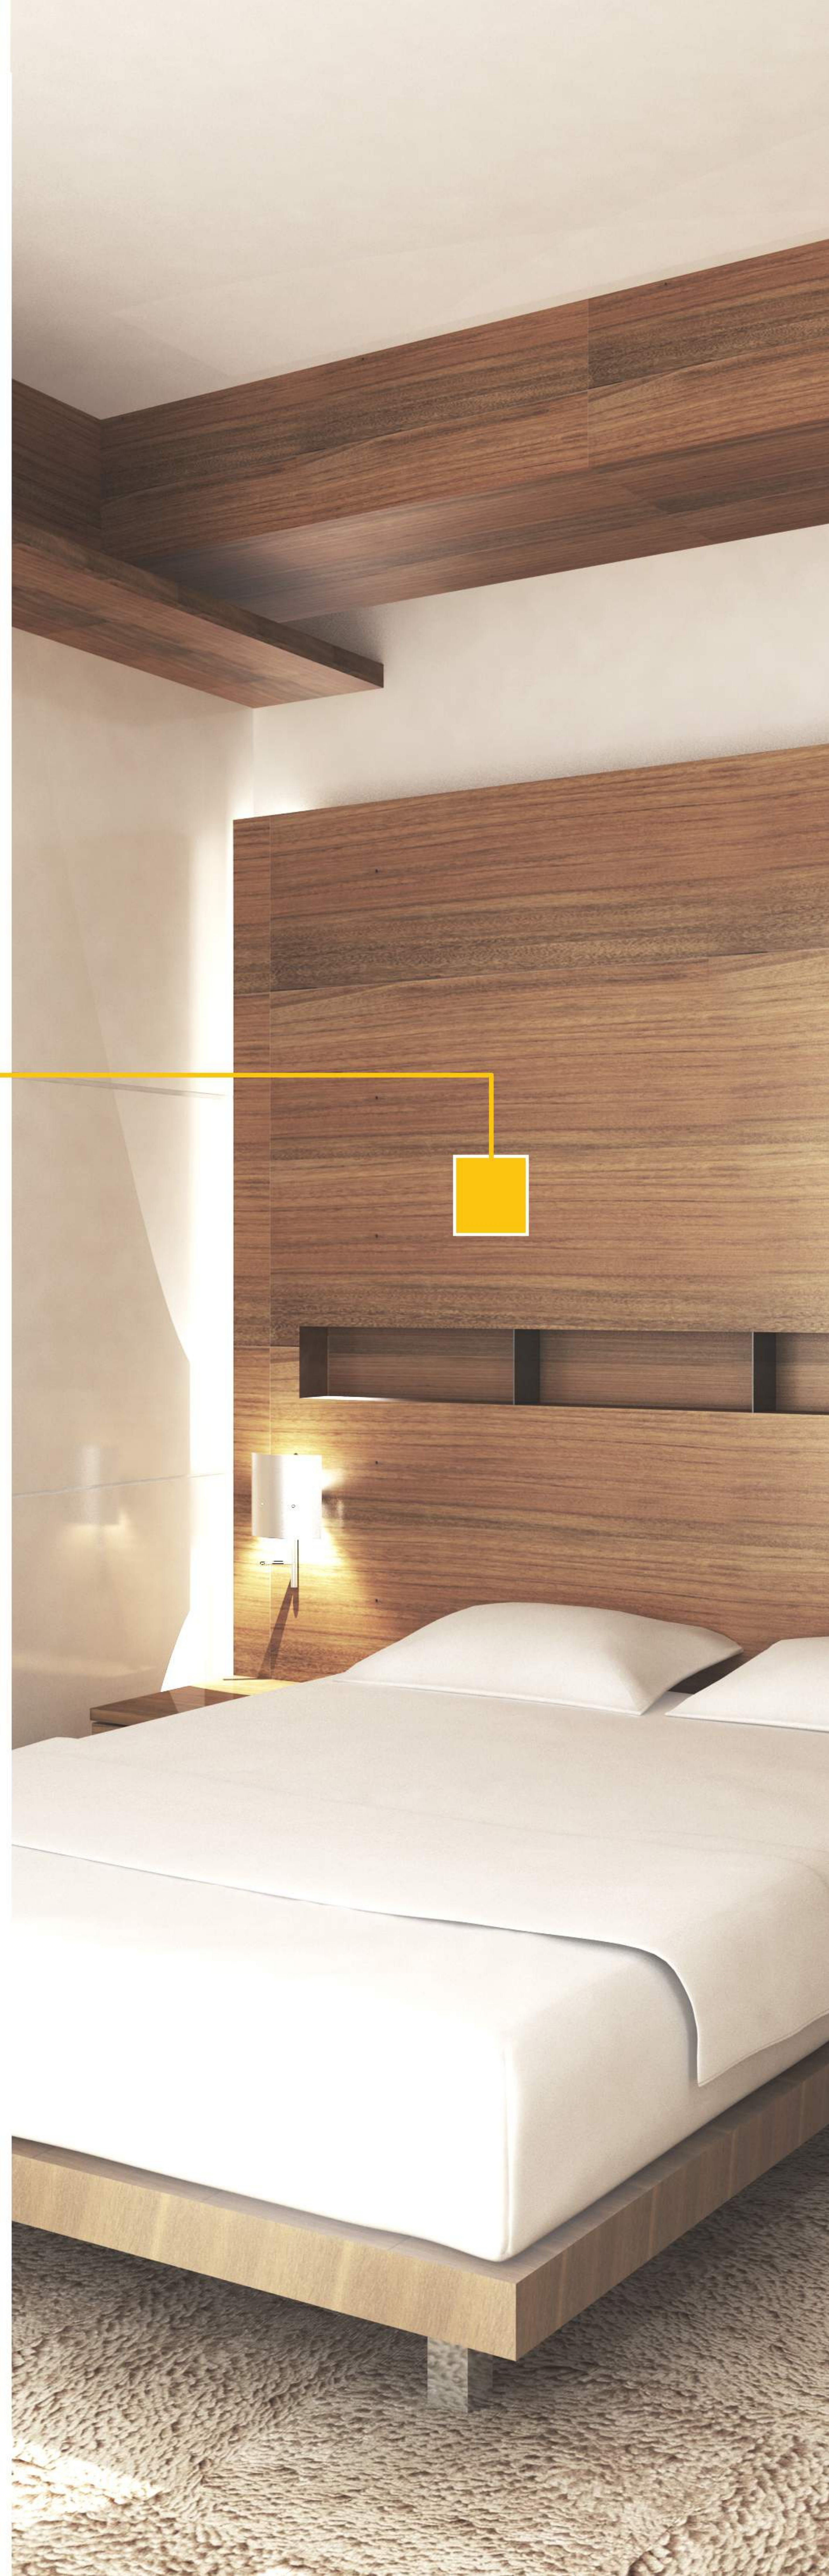

Substrate Options	Soft fibre pine particleboard
	Premium MDF
	SpecPLY™

Certifications	CARB, and available NAF

LIFESTYLE TFL™

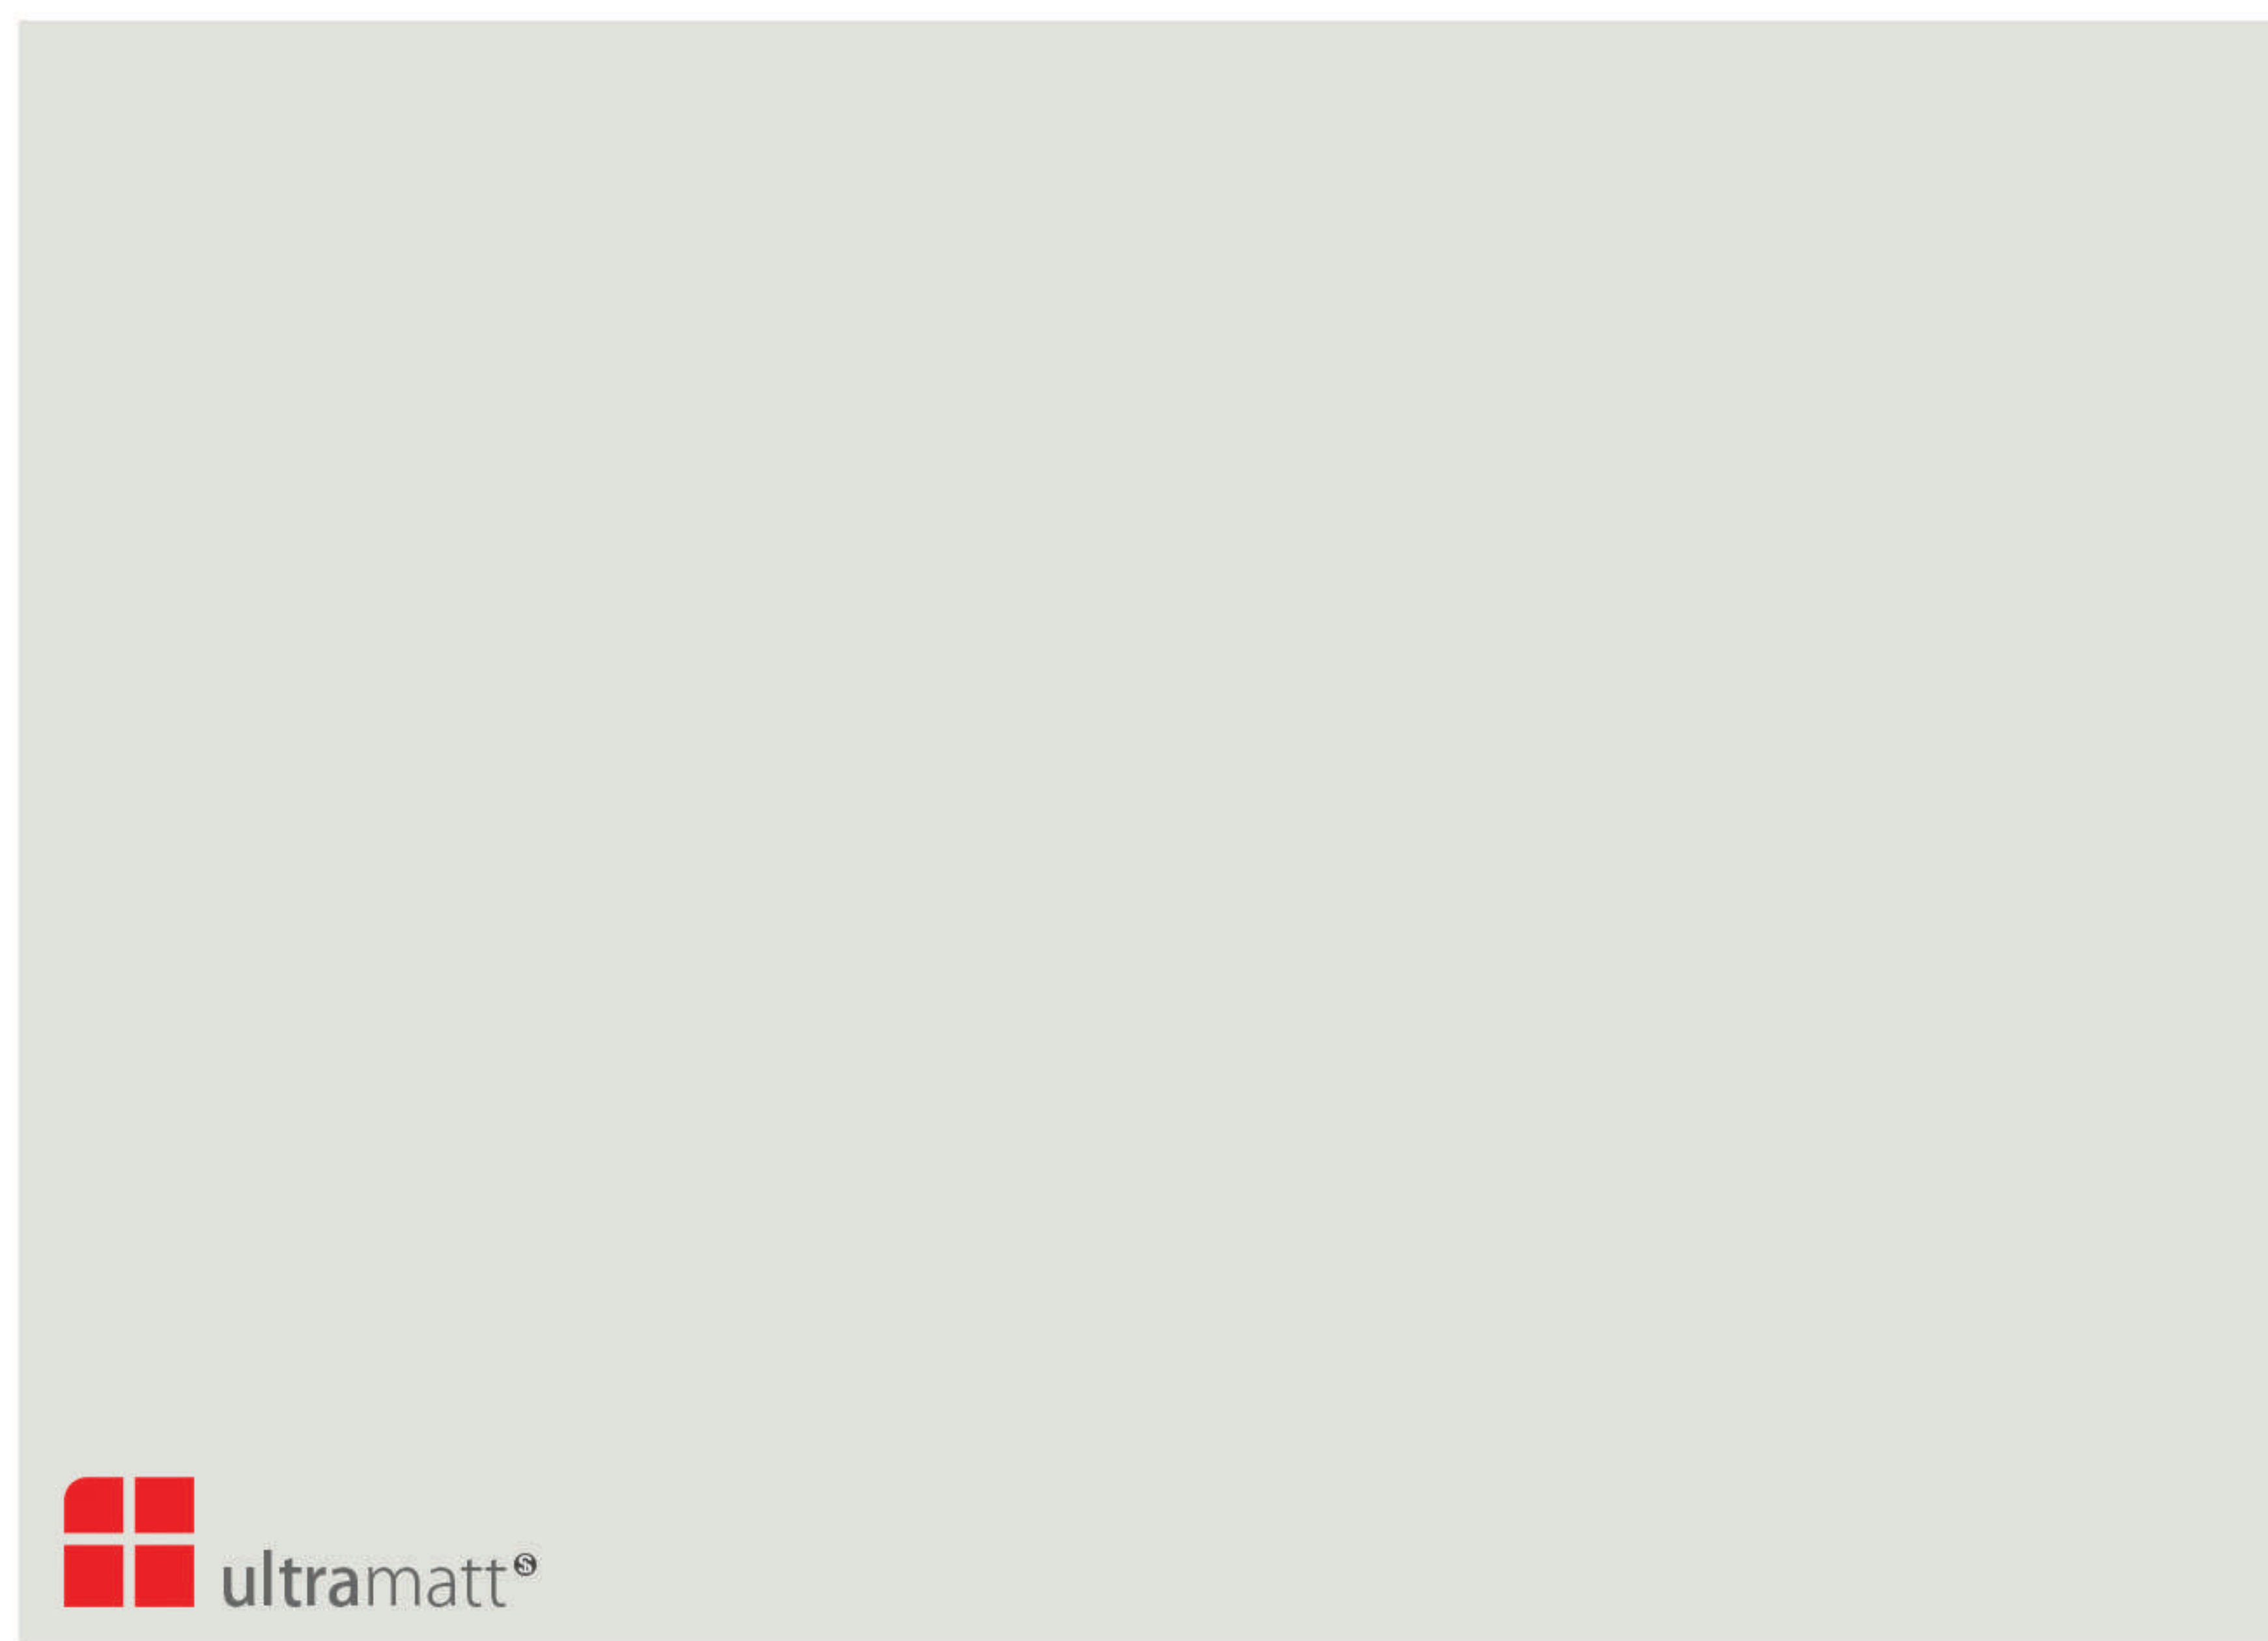

ultramatt®. The fourth in the new Lifestyle TFL™ texture series.

As beautiful as it is durable, ultramatt® features an ultra smooth, soft-to-the touch satin finish. ultramatt® is a non-reflective finish that resists fingerprints and therefore requires little maintenance.

ultramatt® is ideally suited for vertical surfaces in both residential and commercial applications.

ultramatt® is standard* on 6 unique Lifestyle TFL™ patterns; enhancing the overall panel design.

Panel thickness	1/4 to 1 1/2	6mm to 38mm
Panel format	49 x 97	1245mm x 2464mm
	61 x 97	1550mm x 2464mm
	61 x 121	1550mm x 3073mm

Substrate Options	Soft fibre pine particleboard Premium MDF SpecPLY™
