

# SINKS & BOWLS

Staron solid surface sinks and bowls can be installed together with the all-acrylic sheet to achieve a seamless appearance and more smooth and polished fit. The continuous transition from sink to surface leaves no seams for bacteria or mold to accumulate

and grow, making Staron's non-porous solid surfaces as the most desirable choice for hygienic interior commercial applications. Staron sinks come in five following colors in sixteen popular models:

## KITCHEN / UTILITY SINKS

**A2311**

- A 31.25in (794mm)

TO EXPERIENCE THE  
POSSIBILITIES WITH STARON.

#### WHY STARON ?

Staron® solid surface materials feature dimensional flexibility and low maintenance requirements. The non-porous, ultra-hygienic, and remarkably durable Staron surfaces are ideal for a multitude of interior applications, from healthcare facilities to retail and residential settings. Engineered in a wide assortment of colors and patterns, popular options range from the Tempest Collection with near-transparent gemstone textures, to the Supreme Collection with veined patterns of timeless look of natural marble.
