

PANOLOCK™

MULTI-POINT LOCK

THE NEW GENERATION OF MULTI-POINT LOCKS

Tapered Bolt

Deadbolt

Tapered Bolt

WHY PANOLOCK?

NO HARDWARE CONSTRAINTS.

PanoLock's adapters allow the use of most off-the-shelf hardware.

THREE TIMES STRONGER.

PanoLock offers all the strength and security of a traditional multi-point locking system.

ENHANCED PERFORMANCE.

Equipped with two tapered locks, PanoLock provides enhanced performance while reducing operation force.

ULTIMATE SECURITY.

PanoLock features roller strike plates equipped with extra anchor screws enhancing security.

FLEXIBILITY.

PanoLock can be used for both inswing and outswing.

INNOVATION

SINGLE OPERATION SYSTEM

Most multi-point locks operate separately, requiring extra steps to lock the door. PanoLock delivers a single operation system by integrating the handleset with the multi-point system using the innovative latch and deadbolt adapters. Simply match the correct adapter to your hardware.

Latch Adapter

Deadbolt Adapter

ADAPTABILITY

With no extra deadbolt or latch to operate, PanoLock's three locking points activate with a simple turn of the key

The lower operation force and rollers within the plates engage with the bolts to make locking and unlocking your door easy, even after years of use.

Unlike other locks that catch easily, PanoLock's tapered bolts deliver a smooth operation even when the door is out of alignment.

PERFORMANCE

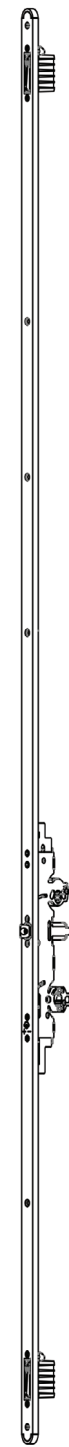

PANOLOCK™

-  No dedicated hardware required.
-  No need for dedicated panels.
-  No difficult installation.
-  No expensive templates.

Compatible brands include: Schlage, Kwikset, Gatehouse, Baldwin, Brinks and Defiant. No dedicated hardware required.

MEETS STYLE

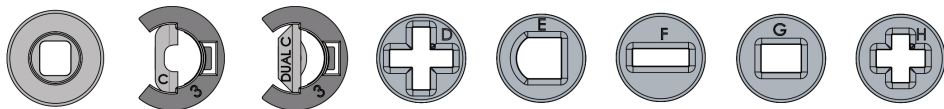

THUMBPRESSES

LEVERS

Life is full of changes, and that includes your style. With PanoLock, you can change your door handlesets as often as you change your mind. Whether you prefer a sleek and modern lever press with a silver finish to a rustic thumbpress in bronze, PanoLock's full offering of finishes and sizes are designed to fit your needs and your choice of hardware.

DON'T GET LOCKED INTO YOUR HARDWARE SELECTION.
