SOLICOR™ & SOLICOR™ COMPACT

Wilsonart® SOLICOR™ Laminate is created with a solid color core – eliminating the troublesome “brown line” of traditional laminates. A new range of our popular neutral colorthrough designs are also available in thick SOLICOR™ Compact Laminate.

CHEMSURF® CHEMICAL-RESISTANT

Specifically designed for environments where chemicals and harsh cleaners are used, Wilsonart® Chemsurf® Laminate provides exceptional chemical resistance without sacrificing design or style.

FIRE-RATED

This long-lasting, beautiful laminate surface meets or exceeds the fire codes from a variety of laboratories across the country and comes in a wide range of patterns and colors. All of our Compact Laminate products are Class B fire-rated. Class A fire-rated material also available.

TRACELESS™

Wilsonart® Traceless™ Laminate is one of our most innovative products, featuring fingerprint-resistant technology with an ultra-matte, soft-to-the-touch texture in a range of solid neutrals.

VIRTUAL DESIGN LIBRARY

Reach beyond the wallboard with Wilsonart's expanded design library. From photo realistic imagery to abstract and artistic graphics, Wilsonart offers a wide range of patterns to fit your needs. Learn more at wilsonart.com/vdl.

WILSONART BY YOU

Sometimes the perfect pattern doesn't exist. At least not yet. That's why we created Wilsonart By You. Entirely custom. Entirely you. Bring us your own artwork, photographs or illustrations and we'll create a laminate that matches your vision. Perfectly.

Wilsonart® Laminates are also UL GREENGUARD GOLD Certified for low chemical emissions, which can assist you in earning LEED certification.
