

# PANOLOCK™

## THE NEW GENERATION OF MULTI-POINT LOCKS

### **NO HARDWARE CONSTRAINTS.**

Use your choice of most off-the-shelf hardware.

### **THREE TIMES STRONGER.**

All the strength and security of a traditional multi-point locking system.

### **ENHANCED PERFORMANCE.**

Two tapered locks enhance performance while reducing operation force.

### **SINGLE OPERATION SYSTEM.**

Most multi-point locks require extra steps to lock the door. With PanoLock's innovative latch and deadbolt adapters, simply turn the thumbturn to lock.

### **FLEXIBILITY.**

PanoLock can be used for both inswing and outswing.

The lower operation force and rollers within the plates engage with the bolts to make locking and unlocking your door easy, even after years of use.

Unlike other locks that catch easily, PanoLock's tapered bolts deliver a smooth operation even when the door is out of alignment.
