TAFISA®

KARISMA COLLECTION

As recent addition to Tafisa's Prelude Series, the Karisma collection introduces a dimension of contemporary sophistication and is an ideal choice for those seeking a natural and avant-garde aesthetic.

With its brushed look and randomly distributed matte porosities, the Karisma texture displays a natural and highly realistic appearance that immediately captures attention.

Whether through its decorative panels (TFL) or laminates (HPL), Karisma brings elegance and authenticity to any interior design project.

KARISMA NEW RELEASES

Spearheading trends, the Karisma collection is blossoming with the addition of 4 Brazilian acacia shades and 4 spalted maple shades. The Brazilian acacia now offers a dynamic structure and captivating colours with exotic charm. With its bold pattern and contemporary colours, the spalted maple enhances and renews a classic wood essence.

Inspired by the uniqueness and beauty of its embossed texture, the addition of the black shade to the Karisma collection was a must! Black is magnified here by the low sheen level and the organic, natural character of the Karisma texture, offering a simply stunning effect.
