Wilsonart Engineered Surfaces offers hundreds of kitchen countertop designs and bathroom vanity surfaces to choose from, including woodgrains, abstracts and solids.

Wilsonart laminate designs are available with a number of premium finish options: traditional matte, glossy finishes, and abstract textures.

Wilsonart's enhanced antimicrobial protection is built into the laminate to protect the surface against damaging microbes. Antimicrobial agents protect the surface against growth of mold and mildew that cause stains and odors when used for countertops and work surfaces.

## SOLICOR™

Wilsonart® SOLICOR™ is a specialty laminate created with a solid color core that lets you design visually crisp and stunning spaces by eliminating the disruptive brown line at the edges.

## Chemsurf®

Specifically designed for environments where chemicals and harsh cleaners are used, Wilsonart® Chemsurf® provides exceptional chemical resistance without sacrificing design or style. Available in Matte finish.

## Decorative Metals

Wilsonart® Decorative Metals collection is the high-tech hybrid of industrial flair and sophisticated design. Whether used for vertical applications or as an accent to countertops, the Decorative Metals line is surprisingly adaptable and a virtually unbreakable addition to any commercial project.

## Adhesives

The Wilsonart Adhesive product line includes solventbased and water-based contact adhesives, PVA-type white glues, wood glues, solvents, cleaners and custom colored matched caulk for Wilsonart® Laminate, Wilsonart® Solid Surface and Wilsonart® Quartz designs.

## Contact

Wilsonart® Contact Adhesives are specifically formulated for use with High Pressure Laminate. With outstanding bond strength and high heat resistance. These contact adhesives are the perfect choice for your countertop, fixture or panel.

## PVA

Wilsonart's lineup of poly-vinyl acetate (PVA) adhesives and specialty products are sure to meet the needs of any laminating or woodworking operation.

[CLICK TO VIEW BROCHURE](#)

## Solvents and Cleaners

Whether you choose a solvent to clean your equipment or one of our cleaners to remove adhesive residue from the decorative surface, Wilsonart® Solvents and Cleaners will do the job right.

## Specialty

Wilsonart® Color-Matched Caulk is a high-quality sealant formulated to color match Wilsonart® Laminate, Solid Surface, Quartz and other hard surfaces.

## The LUJO® Collection

The LUJO® Collection from Wilsonart® TFL embodies the definition of luxury. Translated from the Spanish word for “luxurious or comfortable surroundings,” LUJO® is the highest standard for nature-inspired home design.

The LUJO® Collection includes a luxurious array of three-dimensional designs that feature realistic ticking and natural variations that offer a soothing series of woodgrain colorways, perfect for adding modern authenticity to any space. Available in a best-matched collection of TFL, HPL, and Edgeband. LUJO is an excellent material replacement for paint, real wood and veneers, especially for cabinets and closets.

Choose designs that include four finishes from The LUJO® Collection. Each finish highlights the linear and deep textures of authentic woodgrains.

**Silken Wood (-17)**  
A luxurious matte finish that provides a silky touch. This tactile quality is paired with intriguing visual features found in a quarter sawn grain structure, like open or dense ticking in linear arrangements.

**Timbergrain (-05)**  
A low-sheen finish paired with dimensional, realistic ticking that offers warmth and authenticity.

**Ridgewood (-79)**  
An overall matte finish with ridged dimensional characteristics, creating a gentle linear woodgrain effect.

**Gloss Line (-28)**  
A linear woodgrain texture with varied widths of narrow grain structures in an alternating mix of matte and gloss surface areas.

## 10 Designs Stocked by Rugby Texas

Rugby Texas carries HPL, ¾” 4x8 TFL panels, and edgebanding for these designs:
