you need to get the  
job done right.

Wilsonart offers hundreds of kitchen and bathroom surface designs with various finishes and built-in antimicrobial protection.

## SOLICOR™

Wilsonart® SOLICOR™ is a specialty laminate created with a solid color core that lets you design visually crisp and stunning spaces by eliminating the disruptive brown line at the edges.

## Chemsurf®

Specifically designed for environments where chemicals and harsh cleaners are used, Wilsonart® Chemsurf® provides exceptional chemical resistance without sacrificing design or style. Available in Matte finish.

[CLICK HERE TO VIEW BROCHURE](#)

## Decorative Metals

Wilsonart® Decorative Metals collection is the high-tech hybrid of industrial flair and sophisticated design. Whether used for vertical applications or as an accent to countertops, the Decorative Metals line is surprisingly adaptable and a virtually unbreakable addition to any commercial project.

## Wetwall™

Wetwall™ is a patented, tongue-and-groove shower panel system that locks water out without the grout. Our innovative material and proven technology transform bathrooms quicker, cheaper and easier than tile.

[CLICK HERE TO VIEW BROCHURE](#)

## Adhesives

The Wilsonart Adhesive product line includes solvent based and water-based contact adhesives, PVA-type white glues, wood glues, solvents, cleaners and custom colored matched caulk for Wilsonart® Laminate, Wilsonart® Solid Surface and Wilsonart® Quartz designs.

## Contact

Wilsonart® Contact Adhesives are specifically formulated for use with High Pressure Laminate. With outstanding bond strength and high heat resistance. These contact adhesives are the perfect choice for your countertop, fixture or panel.

## PVA

Wilsonart's lineup of poly-vinyl acetate (PVA) adhesives and specialty products are sure to meet the needs of any laminating or woodworking operation.

## Solvents and Cleaners

Whether you choose a solvent to clean your equipment or one of our cleaners to remove adhesive residue from the decorative surface, Wilsonart® Solvents and Cleaners will do the job right.

## Specialty

Wilsonart® Color-Matched Caulk is a high-quality sealant formulated to color match Wilsonart® Laminate, Solid Surface, Quartz and other hard surfaces.

## The LUJO® Collection

The LUJO® Collection from Wilsonart® TFL embodies the definition of luxury. Translated from the Spanish word for “luxurious or comfortable surroundings,” LUJO® is the highest standard for nature-inspired home design.

The LUJO® Collection includes a luxurious array of three-dimensional designs that feature realistic ticking and natural variations that offer a soothing series of woodgrain colorways, perfect for adding modern authenticity to any space. Available in a best-matched collection of TFL, HPL, and Edgeband. LUJO is an excellent material replacement for paint, real wood and veneers, especially for cabinets and closets.

Choose designs that include four finishes from The LUJO® Collection. Each finish highlights the linear and deep textures of authentic woodgrains.

### Silken Wood (-17)

A luxurious matte finish that provides a silky touch. This tactile quality is paired with intriguing visual features found in a quarter sawn grain structure, like open or dense ticking in linear arrangements.

### Timbergrain (-05)

A low-sheen finish paired with dimensional, realistic ticking that offers warmth and authenticity.

### Ridgewood (-79)

An overall matte finish with ridged dimensional characteristics, creating a gentle linear woodgrain effect.

### Gloss Line (-28)

A linear woodgrain texture with varied widths of narrow grain structures in an alternating mix of matte and gloss surface areas.

## 10 Designs Stocked by Rugby Texas

Rugby Texas carries HPL,  $\frac{3}{4}$ " 4x8 TFL panels, and edgebanding for these designs:

8254-05

## Reflekt

Reflekt is a breakthrough high-gloss acrylic with several innovative product qualities:

- The most scratch resistant high-gloss acrylic in the market
- Impeccable surface consistency due to cleanroom lamination
- Color richness that enhances depth and clarity

Reflekt panels consist of a premium quality MDF substrate with a co-extruded polymer high-gloss acrylic top layer. The core material is carefully selected by Premier to have low surface variance, so the Reflekt surface is not flawed by substrate imperfections.

The panels are PUR (polyurethane) laminated inside a Class-100 (ISO 5) cleanroom, which is a manufacturing process that guarantees Reflekt is as close to a perfect product as technologically possible.

Our standard panel size is 4' x 8' available in 1/4" and 3/4" thicknesses. Custom thicknesses are available by request. Reflekt is suitable for interior vertical surfaces such as kitchen cabinets, vanities, closets, furniture, as well as store fixtures & displays.

## UltraMatte

Incredibly smooth and soft to the touch, the enhanced surface properties make UltraMatte acrylic beautiful and functional.

- ➔ Top hardcoat protected for excellent scratch resistance
- ➔ Color richness and UV stabilized
- ➔ Anti-Fingerprint properties

UltraMatte panels consist of a premium quality MDF substrate with a co-extruded polymer acrylic top layer. The core material is carefully selected by Premier to have low surface variance, so the surface is not flawed by substrate imperfections.

The panels are PUR (polyurethane) laminated inside a Class-100 (ISO 5) cleanroom.

UltraMatte panels are available in 7 different colors options. Our standard panel size is 4' x 8' available in 1/4" and 3/4" thicknesses.

UltraMatte is suitable for interior vertical surfaces such as kitchen cabinets, vanities, closets, furniture, as well as store fixtures and displays.

## Roücke HD

Premier EuroCase offers high-definition structured melamine panels with European trend-setting designs. HD structured panels deliver the look and feel of real wood along with the durability and reliability you've come to expect from PE panels.

The product can be sold in fully laminated 4' x 8' sheets, 1/4" or 3/4" thick.

Other thicknesses are available by request.
