CertainTeed Landmark®– Now UL 2218 Class 3 Impact Rated

Dear CertainTeed Roofing Customers,

CertainTeed is excited to announce that our Landmark® shingles are now UL 2218 Class 3 Impact Rated.

Landmark® products that were installed in 2024 and beyond are officially classified as UL 2218 Class 3 Impact Rated.

Labeling and packaging requirements will be updated throughout 2024.

There is no impact to current inventory, and this will not cause a Do Not Mix situation.

Class 3 Impact Rated shingles may qualify for additional insurance benefits, so please be sure to work with local insurance agencies to obtain the specific benefits in your area.

As always, we thank you for your continued support of CertainTeed Roofing. If you have any questions, please contact your local CertainTeed Roofing Territory Manager.

Sincerely,

Bailey Reeves and Brian Stanford
Residential Product Managers
