## **STONEfaçade**<sup>®</sup>

Architectural Stone Cladding System

Anna Lill I ma

# Turn your dream into reality

Nothing says "Welcome home" like the warm and inviting look of stone. Now you can take your home's exterior to a new level with CertainTeed STONEfaçade, a manufactured architectural stone veneer that delivers the beauty and craftsmanship of natural stone in an affordable, durable, and easy-to-install panelized system.

 Siding:
 STONEfaçade in Adirondack Snowfall, Monogram Double 4" Clapboard in Flagstone, and Cedar Impressions® Individual 5" Sawmill Shingles in Driftwood Blend

 Trim:
 Vinyl Carpentry® & Restoration Millwork®

 Roof:
 Landmark® in Colonial Slate

# Beautifully simple to install

The panelized design of the STONEfaçade cladding system features a fast and easy installation. This eliminates the need for mortar and speeds up installation, as well as the need to work with multiple contractors on multi-product projects.

> Installing stone veneer on the exterior of your home is a smart investment, with **one of the highest returns** of any major home remodeling project when it's time to sell.

**153.2%** Return on investment for Manufactured Stone Veneer

STONEfacade in Pocono Autumn and Cedar Impressions Single 7 Straight Edge Perfection Shingles in Driftwood Blend

# Simply beautiful to behold

One-of-a-Kind

The design flexibility of STONEfaçade gives you the freedom to create any look you can imagine. It can be used to enhance both the exterior and interior of a home – accenting entryways, creating kneewalls to complement siding, and showcasing mantles, backsplashes, hallways, and other spaces that the look of stone can stylishly refine.

Curb appeal is an **important consideration** for home buyers when it comes to home exteriors.

Good curb appeal can add up to 14% to the value

of vour home

#### Coastal Storm

Snow

Dark gray tones allow Coastal Storm to pair elegantly with a variety of siding colors and white tones.

#### Adirondack Snowfall

shades of blues and grays.

#### Complement your siding color

The natural spectrum of STONEfaçade is designed to complement any new or existing home siding color. Here are CertainTeed siding color recommendations to guide your selection.

#### Pocono Autumn

With variegated tones of brown, orange and yellow, siding in warm shades or gray tones match well with Pocono Autumn.

Arbor Blend	and the second
Natural Blend	
Driftwood Blend	
Weathered Blend	-
Frontier Blend	20
Autumn Red	4.27
Espresso	
Sparrow	
Spruce	
Olive Grove	
Flagstone	Đ.
Granite Gray	
Graystone	20.0
Sterling Gray	112
Oxford Blue	
Herringbone	
Sandstone Beige	and the second
Desert Tan	
Savannah Wicker	
Heritage Cream	0.00
Autumn Yellow	1. Car
C. Branches	Ser 12
State State State	- Adam -

#### Harbor Sunset

With stunning shades of brown and burgundy, siding in subtle shades of grays and browns are recommended for Harbor Sunset.

## An Innovative System Design

#### Less room for error. Installs in cold weather.

Traditional masonry must be installed in temperatures above 40°F to avoid the risks of mortar and grout failure. With STONEfaçade, there's no mortar involved, so installations can go on when temperatures drop.

## Moisture management to protect your home

STONEfaçade features the industry's only **fully-integrated rainscreen**, providing additional structural support and ample drainage from top to bottom for outstanding moisture management and protection of your most important investment. Our rainscreen is designed to prevent potential structural damage and mold, a common occurrence when masonry products are installed without a well-defined drainage space.

#### Avoid moisture issues and unwanted call backs

STONEfaçade is the only product on the market that has a true integrated rainscreen. That's essential because moisture intrusion on the exterior wall is one of the leading reasons for wall assembly failure – and costly call backs. Our integrated rainscreen is designed to allow adequate airflow behind the panel. This promotes drying and helps eliminate potential moisture issues like mold and mildew within the wall cavity.

Fastening Flange

#### **Provides fire safety**

STONEfaçade has a Class A Flame Spread Classification, meaning that the material is highly resistant to fire and does not spread flames quickly and/or is self-extinguishing.

#### Cut time without cutting corners

STONEfaçade corner systems are a true differentiator, with pieces that actually wrap around the corner to provide a natural look and feel!

Corner systems are available in all colors in the product offering, and come in left and right corners of three lengths to eliminate the need for cutting lengths. The system's well-thought-out design staggers sizes, so there are no visual seams. STONEfaçade corner systems are also designed to provide a natural-looking return when transitioning to an alternative material.

#### **Corner Installation Options**

#### For single wall installation:

Alternate the corner widths, weaving them up the wall to avoid alignment of vertical seams.

#### For going around corners where both walls are stone:

Once level, fasten the two screws on the long return of the corner. Alternate both the corner widths and the walls that the long return is applied to, weaving them up the wall to avoid alignment of vertical seams.

#### **Restoration Millwork® Corners**

## Building science Experience the quality of CertainTeed

Our building science experts understand the best way to combine material performance and design. Utilizing their extensive knowledge and experience, they developed an easy-toinstall product that faithfully replicates the look and feel of real stone. This patented product has been tested to withstand the industry's most stringent performance standards.

#### Warranty

Engineered to withstand the test of time, CertainTeed stands behind STONEfaçade with a 20-year limited warranty for assurance and peace of mind.

#### Number One Brand

In national surveys, CertainTeed siding is the brand most preferred by building professionals and homeowners. CertainTeed has been an industry leader for over 110 years. CertainTeed siding offers lower environmental impact versus other cladding options.

20-Year Limited Warranty

#### **Restoration Millwork® trim**

Enjoy the look of wood with the superior performance of cellular PVC. Restoration Millwork provides you with a wide variety of profiles and options to accentuate the stone design areas of your home.

## We can help with your decisions

#### Want More Ideas?

#### **No Place Like Home Brochure**

This brochure helps inspire ideas (pub. no. 04-00-78-US-EN). Go online for the PDF version or call 800-782-8777 for the brochure.

Look for color palette ideas in your surroundings, including landscaping, trees and gardens in your neighborhood and the larger area where you live. The colors you pick for your interior walls can also influence your exterior walls.

You may be inspired by your neighbors' color schemes, but it is a good idea to avoid copying them exactly and best to create your own unique combination that sets your home apart. In most cases, you want your home to fit in but not clash with nearby buildings.

You need to first consider the appearance of any features on the home that will remain unchanged and harmonize your siding color with them. This includes roofing, masonry, stone, stairways, doors, etc.

If your home's architectural style is very distinct (Colonial, Greek Revival, etc.) you will get best results if your color selection and treatment complements its original design.

#### Find a Professional.

The help of a qualified professional can ensure long-lasting performance on your siding installation. Visit www.certainteed.com and simply click the "Find a Pro" button on the top of the home page. You can then search by zip code, product and distance from your home.

#### OR call: 800-782-8777

### Happily ever after

When you choose CertainTeed STONEfaçade architectural stone panels for your home, you open a world of creative options to express your personal design preferences. Add that to the engineered craftsmanship and low-maintenance of STONEfaçade, and you can rest assured knowing that your family will enjoy the beautiful sanctuary you have created for years to come.

#### CertainTeed products are designed to work together and complement each other in color and style to give your home a beautiful finished look.
