BELLEVILLE. SMOOTH DOORS

Two interior doors are shown side-by-side. Each door features a large, rectangular glass panel in the upper half, framed by a decorative metal or wood border. The glass panels have a pattern of dark, rectangular blocks. Below the glass panels, each door has a solid, rectangular panel. The doors are set against a light-colored wall.

The image consists of three vertically stacked rectangular frames, each showing a different stage of a butterfly being caught in a net. In the top frame, the net is open and positioned above the butterfly. In the middle frame, the net is partially closed, trapping the butterfly. In the bottom frame, the net is fully closed, and the butterfly is securely caught inside.
