Conventional Door

Johnson Pocket Door

PROVIDE PRIVACY WITH APPEAL, ON A GRAND SCALE

Johnson's extra heavy-duty pocket door system is ideal for creating captivating interiors. Accommodating doors up to 300 lbs., 9' tall and 5' wide, Johnson Hardware lets you design dramatic entryways showcasing elegant hardwoods, ornate stained glass, or bold wrought-iron accents – all while generating space-saving functionality.

Engineered Excellence

DISTINGUISH ENTRIES WITH DRAMATIC SOPHISTICATION

Where a pocket door brings sophisticated flair while taking up no floor space, a traditional door can require 8-10 sq. ft. of usable floor space. Maximize open floor plans – and ensure the capability for complete privacy – by featuring converging pocket doors. With Johnson's jump-proof track and commercial-grade four-wheel hangers, even heavy solid-wood doors smoothly glide with just the touch of a fingertip. The system is a breeze to install. With basic tools, a moderately skilled worker can install one in minutes.

JOHNSON HARDWARE PACKAGED SETS INCLUDE THE FOLLOWING QUALITY TESTED COMPONENTS:

2060 Extra Heavy-Duty Pocket Door Frame

For 2' x 6' internal walls, doors up to 2-1/4" thick and up to 300 lbs.

I-Beam Track
Designed specifically for smooth operation and heavy-duty use.

Four-Wheel Hangers
Height adjustable and detachable hangers for easy installation and removal.

Self-Adjusting Floor Anchors
Long fingers slide into split studs, allowing for floor settling without disturbing alignment of header and track. Can be nailed, screwed or cemented to floor.

All Steel Wide-Jamb Frame
Heavy-gage steel split jambs offer maximum wall rigidity, meaning walls won't warp or deform.

Jamb Mount Door Guide Set
Molded nylon guides hold door in place and ensure smooth operation.

Quickset Frame Header
Header assembly features preinstalled track and end brackets for fast installation into rough openings.

Available
Converging Door
Kit 2050PLBG

2000 Extra Heavy-Duty Pocket Door Frame

For 2' x 4' internal walls, doors up to 1-3/4" thick and up to 300 lbs.

Includes all hardware listed for 2060 Extra Heavy-Duty Pocket Door Frame, but comes with steel-wrapped split studs instead of all steel split jambs. Heavy-gage galvanized steel sides and backs ensure rigidity and protect against accidental nail penetration.

Steel-Wrapped Split Studs
